PROXY STATEMENT
For
ANNUAL MEETING OF SHAREHOLDERS
To Be Held on June 6, 2019

This Proxy Statement is being mailed on or about April 25, 2019 to the shareholders of Matador Resources Company (“Matador” or the “Company”) in connection with the solicitation of proxies by the Board of Directors (the “Board”) of the Company to be voted at the Annual Meeting of Shareholders of the Company to be held at the Westin Galleria, San Antonio Ballroom, 13340 Dallas Parkway, Dallas, Texas 75240, on June 6, 2019, at 9:30 a.m., Central Daylight Time (the “Annual Meeting” or the “2019 Annual Meeting”), or at any postponement or adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. The address of the Company’s principal executive office is One Lincoln Centre, 5400 LBJ Freeway, Suite 1500, Dallas, Texas 75240.

If you are a shareholder of record, you may vote in person by attending the meeting, by completing and returning a proxy by mail or by using the Internet or telephone. You may vote your proxy by mail by marking your vote on the enclosed proxy card and following the instructions on the card. To vote your proxy using the Internet or telephone, see the instructions on the proxy form and have the proxy form available when you access the Internet website or place your telephone call.

The named proxies will vote your shares according to your directions. If you sign and return your proxy but do not make any of the selections, the named proxies will vote your shares: (i) **FOR** the election of the three nominees for director as set forth in this Proxy Statement, (ii) **FOR** the approval of the Company’s 2019 Long-Term Incentive Plan, (iii) **FOR** the approval, on an advisory basis, of the compensation of the Company’s named executive officers as disclosed in this Proxy Statement and (iv) **FOR** the ratification of KPMG LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2019. Your proxy may be revoked at any time before it is exercised by filing with the Company a written revocation addressed to the Corporate Secretary, by executing a proxy bearing a later date or by attending the Annual Meeting and voting in person.

The cost of soliciting proxies will be borne by the Company. In addition to the use of postal services and the Internet, proxies may be solicited by directors, officers and employees of the Company (none of whom will receive any additional compensation for any assistance they may provide in the solicitation of proxies) in person or by telephone.

The outstanding voting securities of the Company consist of Common Stock. The record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting, or any postponement or adjournment thereof, has been established by the Board as the close of business on April 12, 2019 (the “Record Date”). As of the Record Date, there were 116,392,034 shares of Common Stock outstanding and entitled to vote.

The presence, in person or by proxy, of the holders of record of a majority of the outstanding shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting, but if a quorum should not be present, the meeting may be adjourned from time to time until a quorum is obtained. A holder of Common Stock will be entitled to one vote per share on each matter properly brought before the meeting. Cumulative voting is not permitted in the election of directors.

The proxy card provides space for a shareholder to abstain with respect to any or all nominees for the Board. The affirmative vote of a majority of the votes cast by holders of shares present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting is required for the election of each nominee for

director. With respect to the election of directors in an uncontested election, such as that being held at the Annual Meeting, “majority of the votes cast” means the number of votes cast “for” the election of such nominee exceeds the number of votes cast “against” such nominee. See “Corporate Governance—Majority Vote in Director Elections” for additional information regarding election of directors.

The other proposals require the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the meeting. Shares held by a shareholder who abstains from voting on any or all proposals will be included for the purpose of determining the presence of a quorum. Other than with respect to the election of directors, an abstention will effectively count as a vote cast against the remaining proposals. Broker non-votes on any matter as to which the broker has indicated on the proxy that it does not have discretionary authority to vote will be treated as shares not entitled to vote with respect to that matter. However, such shares will be considered present and entitled to vote for quorum purposes so long as they are entitled to vote on at least one other matter.

PROXY SUMMARY

This summary highlights information contained elsewhere in this Proxy Statement. This summary does not contain all of the information that you should consider, and you should read the entire Proxy Statement carefully prior to voting. For more complete information regarding our 2018 performance, please review our Annual Report on Form 10-K for the year ended December 31, 2018.

In 2018, Matador achieved record oil, natural gas and average daily oil equivalent production. In addition, Matador increased its estimated total proved oil and natural gas reserves 41% as of December 31, 2018, as compared to December 31, 2017.

The acquired leasehold acreage includes approximately 2,800 gross and net acres in the Stateline asset area on the Texas/New Mexico border, 4,800 gross and net acres in the Antelope Ridge asset area, 400 gross and net acres in the Arrowhead asset area and 400 gross and net acres in the Twin Lakes asset area. The leases for all tracts covering the BLM Acquisition were issued in the fourth quarter of 2018.
- In October 2018, we amended our third amended and restated credit agreement (the “Credit Agreement”) to, among other items, (i) increase the maximum facility amount to \$1.5 billion, (ii) increase the borrowing base to \$850.0 million, (iii) increase the elected borrowing commitment to \$500.0 million, (iv) extend the maturity to October 31, 2023, (v) reduce borrowing rates by 0.25% per annum and (vi) set the maximum leverage ratio at 4.00 to 1.00.
- In December 2018, the Company’s midstream joint venture, San Mateo Midstream, LLC (“San Mateo”), entered into a \$250.0 million credit facility led by The Bank of Nova Scotia, as administrative agent, following which there was a cash distribution of \$195.0 million, which was distributed 51% to us and 49% to our partner, Five Point Energy, LLC (“Five Point”).

Recent Developments

- On February 25, 2019, we announced the formation of San Mateo Midstream II, LLC (“San Mateo II”), a strategic joint venture with a subsidiary of Five Point designed to expand our midstream operations in the Delaware Basin, specifically in Eddy County, New Mexico. San Mateo II is owned 51% by us and 49% by Five Point. As part of this transaction, we dedicated to San Mateo II acreage in the Stebbins area and the Stateline asset area pursuant to 15-year, fixed-fee agreements for oil, natural gas and salt water gathering, natural gas processing and salt water disposal. In addition, Five Point has committed to pay \$125 million of the first \$150 million of capital expenditures incurred by San Mateo II to develop facilities in the Stebbins area and the Stateline asset area. Five Point has also provided us the opportunity to earn deferred performance incentives of up to \$150 million over the next five years as we execute our operational plans in and around the Stebbins area and the Stateline asset area, plus additional performance incentives for securing volumes from third-party customers.

Executive Compensation Highlights (page 45)

Our compensation program is designed to reward, in both the short term and the long term, performance that contributes to the implementation of our business strategies, maintenance of our culture and values and achievement of our objectives. In addition, we reward qualities that we believe help achieve our business strategies such as teamwork, mentoring future leaders within the Company to drive long-term shareholder value, individual performance in light of general economic and industry-specific conditions, relationships with shareholders and vendors, the ability to manage and enhance production from our existing assets, the ability to explore new opportunities to increase oil and natural gas production, the ability to identify and acquire additional acreage, the ability to improve total shareholder returns, the ability to increase year-over-year proved reserves, the ability to control unit production costs, the ability to pursue midstream opportunities, level of job responsibility, industry experience and general professional growth.

At our 2018 annual meeting of shareholders (the “2018 Annual Meeting”), we received approximately 72% shareholder support for our executive compensation program. This level of support was a significant decrease from the average 99% level of support that we received at our three previous annual shareholder meetings. Our Board and management were disappointed with the 2018 say-on-pay voting results, and the Strategic Planning and Compensation Committee and management jointly undertook an extensive review of the Company’s executive compensation program with input from our independent compensation consultant, Meridian Compensation Partners, LLC. The review included reaching out to shareholders representing approximately 50% of our outstanding stock (excluding stock held by our directors and officers).

As a result of this outreach, the Strategic Planning and Compensation Committee implemented numerous changes to our executive compensation program for 2018 and 2019, including the following:

- In light of industry factors, our 2018 say-on-pay voting results and shareholder feedback and the Company’s 2018 stock performance, Mr. Foran’s 2018 total compensation was reduced 27.0% from 2017 to 2018. In particular, his compensation pursuant to the Company’s annual cash incentive plan was reduced 35.5% from 2017 to 2018.
- We transitioned from a long-term incentive compensation program for executive officers of 67% service-based restricted stock and 33% stock options to a program comprised of 50% service-based restricted stock units and 50% performance-based stock units, commencing with grants made in February 2019.
- We eliminated discretionary bonuses, commonly referred to within the Company as “Marlan” awards in honor of the late Marlan W. Downey (1931-2017), a long-time advisor to the Board. Such bonuses have historically been awarded as a way to contemporaneously reward significant performance achievements by select officers and employees. While, consistent with feedback we received from our shareholders, we still believe in the value to the Company and our shareholders of such awards in motivating our non-executive employees, no Marlan bonuses were awarded to executive officers following our 2018 Annual Meeting, and the Board does not anticipate granting future Marlan bonuses to our executive officers.

Details of our executive compensation are shown in the 2018 Summary Compensation Table on page 66 and a thorough discussion of the above changes to our executive compensation program, for both 2018 and 2019, are included under “Executive Compensation—Compensation Discussion and Analysis” beginning on page 46.

INFORMATION ABOUT THE ANNUAL MEETING

We are furnishing you this Proxy Statement in connection with the solicitation of proxies by the Board to be used at the Annual Meeting and any adjournment thereof. The Annual Meeting will be held on Thursday, June 6, 2019, at 9:30 a.m., Central Daylight Time. We are sending this Proxy Statement to our shareholders on or about April 25, 2019.

All references in this Proxy Statement to “we,” “our,” “us,” “Matador” or the “Company” refer to Matador Resources Company, including our subsidiaries and affiliates.

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the following matters outlined in the Annual Meeting notice:

- the election of the three nominees for director named in this Proxy Statement;
- the approval of the Company’s 2019 Long-Term Incentive Plan;
- an advisory vote to approve the compensation of our named executive officers as described herein;
- the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2019; and
- any other matters that may properly come before the meeting.

What are the Board’s voting recommendations?

- **FOR** the election of the three nominees for director named in this Proxy Statement;
- **FOR** the approval of the Company’s 2019 Long-Term Incentive Plan;
- **FOR** the approval, on an advisory basis, of the compensation of the Company’s named executive officers; and
- **FOR** the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2019.

Who is entitled to vote?

Shareholders as of the close of business on April 12, 2019 are eligible to vote their shares at the Annual Meeting. As of the Record Date, there were 116,392,034 shares of our Common Stock outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting.

Why did I receive a Notice Regarding the Internet Availability of Proxy Materials in the mail instead of a full set of proxy materials?

Securities and Exchange Commission (“SEC”) rules allow companies to furnish proxy materials over the Internet. We have elected to send a separate Notice of Internet Availability of Proxy Materials (the “Notice”) to most of our shareholders instead of a paper copy of the proxy materials. This approach conserves natural resources and reduces the costs of printing and distributing our proxy materials while providing shareholders with a convenient way to access our proxy materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy of proxy materials, including a proxy card or voting instruction form, may be found in the Notice. In addition, shareholders may request to receive future proxy materials in printed form by mail or electronically by email by following the instructions in the Notice. A shareholder’s election to receive proxy materials by mail or email will remain in effect until the shareholder terminates it.

How do I vote?

You may:

- attend the Annual Meeting and vote in person;
- dial the toll-free number listed on the Notice, proxy card or voting instruction form provided by your broker. Easy-to-follow voice prompts allow you to vote your shares and confirm that your voting instructions have been properly recorded. Telephone voting will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time on June 5, 2019;
- go to the website www.proxyvote.com and follow the instructions, then confirm that your voting instructions have been properly recorded. If you vote using the website, you can request electronic delivery of future proxy materials. Internet voting will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time on June 5, 2019; or
- if you received a paper copy of your proxy materials and elect to vote by written submission, mark your selections on the proxy card, date and sign it, and return the card in the pre-addressed, postage-paid envelope provided.

Why did I receive paper copies of proxy materials?

We are providing certain shareholders with paper copies of the proxy materials instead of a separate Notice. If you received a paper copy and would no longer like to receive printed proxy materials, you may consent to receive all future proxy materials electronically via email or the Internet. To sign up for electronic delivery, please follow the instructions provided in your proxy materials. When prompted, indicate that you agree to receive or access shareholder communications electronically in the future.

Will each shareholder in our household receive proxy materials?

Generally, no. To the extent you are receiving printed proxy materials, we try to provide only one set of proxy materials to be delivered to multiple shareholders sharing an address, unless you have given us other instructions. Any shareholder at a shared address may request delivery of single or multiple copies of printed proxy materials for future meetings by contacting us at:

Matador Resources Company
 Attention: Investor Relations
 5400 LBJ Freeway, Suite 1500
 Dallas, Texas 75240
 Email: investors@matadorresources.com
 Telephone: (972) 371-5200

We undertake to deliver promptly, upon written or oral request, a copy of proxy materials to a shareholder at a shared address to which a single copy of the proxy materials was delivered. Requests should be directed to Investor Relations at the address or phone number set forth above.

Who will be admitted to the Annual Meeting?

Admission to the Annual Meeting will be limited to our shareholders of record, persons holding proxies from our shareholders, beneficial owners of our Common Stock and our employees. If your shares are registered in your name, we will verify your ownership at the meeting in our list of shareholders as of the Record Date. If your shares are held through a broker, bank or other nominee, you must bring proof of your ownership of the shares. This proof could consist of, for example, a bank or brokerage firm account statement or a letter from your bank or broker confirming your ownership as of the Record Date. You may also send proof of ownership to us at Matador Resources Company, Attention: Corporate Secretary, 5400 LBJ Freeway, Suite 1500, Dallas, Texas 75240, or email: investors@matadorresources.com, before the Annual Meeting, and we will send you an admission card.

If I vote via telephone or the Internet or by mailing my proxy card, may I still attend the Annual Meeting?

Yes.

What if I want to change my vote?

You may revoke your proxy before it is voted by submitting a new proxy with a later date (by mail, telephone or the Internet), by voting at the Annual Meeting or by filing a written revocation with our Corporate Secretary. Your attendance at the Annual Meeting will not automatically revoke your proxy.

What constitutes a quorum?

A majority of the shares entitled to vote, present in person or represented by proxy, constitutes a quorum. If you vote by telephone or Internet or by returning your proxy card, you will be considered part of the quorum. The Inspector of Election will treat shares represented by a properly executed proxy as present at the meeting. Abstentions and broker non-votes will be counted for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner submits a proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power for that item and has not received instructions from the beneficial owner.

How many votes will be required to approve a proposal?

The affirmative vote of a majority of the votes cast by holders of shares of Common Stock present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting is required for the election of each nominee for director. With respect to the election of directors in an uncontested election, such as that being held at the Annual Meeting, “majority of the votes cast” means the number of votes cast “for” such nominee exceeds the number of votes cast “against” such nominee.

With respect to all other matters, the affirmative vote of the holders of a majority of the shares of Common Stock, present in person or represented by proxy and entitled to vote at the Annual Meeting, is required.

Shares cannot be voted at the Annual Meeting unless the holder of record is present in person or represented by proxy.

Can brokers who hold shares in street name vote those shares if they have received no instructions?

Under the rules of the New York Stock Exchange (“NYSE”), brokers may not vote the shares held by them in street name for their customers and for which they have not received instructions, except with respect to a routine matter. The only matter to be voted on at the Annual Meeting that is considered routine for these purposes is the ratification of the appointment of our independent registered public accounting firm. Accordingly, brokers may not vote your shares on any other matter if you have not given specific instructions as to how to vote. Please be sure to give specific voting instructions to your broker so that your vote will be counted.

How will you treat abstentions and broker non-votes?

Shares of a shareholder who abstains from voting on any or all proposals will be included for the purpose of determining the presence of a quorum. Other than with respect to the election of directors, an abstention will effectively count as a vote cast against the remaining proposals. Broker non-votes on any matter, as to which the broker has indicated on the proxy that it does not have discretionary authority to vote, will be treated as shares not entitled to vote with respect to that matter. However, such shares will be considered present and entitled to vote for quorum purposes so long as they are entitled to vote on at least one other matter.

Who pays the solicitation expenses?

We will bear the cost of solicitation of proxies. Proxies may be solicited by mail or personally by our directors, officers or employees, none of whom will receive additional compensation for such solicitation. Those holding shares of Common Stock of record for the benefit of others, or nominee holders, are being asked to distribute proxy soliciting materials to, and request voting instructions from, the beneficial owners of such shares. We will reimburse nominee holders for their reasonable out-of-pocket expenses.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting, and we will publish final results in a Current Report on Form 8-K that will be filed with the SEC within four business days of the Annual Meeting. You may obtain a copy of this and other reports free of charge at www.matadorresources.com, by contacting our Investor Relations Department at (972) 371-5200 or investors@matadorresources.com or by accessing the SEC's website at www.sec.gov.

Will the Company's independent registered public accounting firm be available at the Annual Meeting to respond to questions?

Yes. The Audit Committee of the Board has approved KPMG LLP to serve as our independent registered public accounting firm for the year ending December 31, 2019. Representatives of KPMG LLP will be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Vote Required

The affirmative vote of a majority of the votes cast by holders of shares present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting is required for the election of each nominee for director. With respect to the election of directors in an uncontested election, such as that being held at the Annual Meeting, "majority of the votes cast" means the number of votes cast "for" such nominee exceeds the number of votes cast "against" such nominee. If you hold your shares through a broker and you do not instruct the broker how to vote, your broker will not have the authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

The Board of Directors recommends that you vote FOR each of the nominees.

CORPORATE GOVERNANCE

The business affairs of Matador are managed under the direction of the Board in accordance with the Texas Business Organizations Code, the Company's Amended and Restated Certificate of Formation and its Amended and Restated Bylaws, each as amended to date. The Board has adopted Corporate Governance Guidelines, which are reviewed annually by the Corporate Governance Committee of the Board. The Company has a Code of Ethics and Business Conduct for Officers, Directors and Employees ("Code of Ethics"), which is applicable to all officers, directors and employees of the Company. The Company intends to post any amendments to, and may post any waivers of, its Code of Ethics on the Company's website to the extent applicable to an executive officer or a director of the Company. The Corporate Governance Guidelines and the Code of Ethics are available on the Company's website at www.matadorresources.com under the heading "Investor Relations—Corporate Governance."

The Board holds regular and special meetings and spends such time on the affairs of the Company as its duties require. During 2018, the Board held 12 meetings. The Board also meets regularly in non-management executive sessions in accordance with NYSE regulations. The Corporate Governance Guidelines provide that one of the Company's independent directors should serve as lead independent director at any time when the chief executive officer serves as the chairman of the board. The lead independent director presides over the non-management executive sessions, serves as a liaison between the chairman and the independent directors and performs such additional duties as the Board may otherwise determine and delegate. Because Mr. Foran serves as Chairman of the Board and Chief Executive Officer, our independent directors have appointed Mr. Baribault to serve as lead independent director. In 2018, all incumbent directors of the Company attended at least 75% of the meetings of the Board and the committees on which they served. It is our policy that each of our directors is expected to attend annual meetings of shareholders. All of our directors that continued in office through the 2018 Annual Meeting attended such meeting.

Independence of Directors

The Board makes all determinations with respect to director independence in accordance with the NYSE listing standards and the rules and regulations promulgated by the SEC. The actual determination of whether a director is independent is made by the Board on a case-by-case basis.

In connection with its preparation for the Annual Meeting, the Board undertook its annual review of director independence and considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. In making its determination, the Board applied the NYSE listing standards and SEC rules and regulations.

The Board reviewed the independence of our directors and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. After this review, our Board determined that nine of our 10 current directors are "independent directors" as defined under the rules of the SEC and the NYSE: Ms. Rogers and Messrs. Baribault, Baty, Burkert, Byerley, Clifton, Parker, Posner and Stewart. No member of or nominee for our Board has a family relationship with any executive officer or other members of our Board.

Majority Vote in Director Elections

On December 21, 2016, the Board amended the Company's Amended and Restated Bylaws (as so amended, the "Bylaws") to implement a majority voting standard in uncontested director elections. Pursuant to the Bylaws, in an election of directors at a meeting of shareholders at which a quorum is present, (i) if the number of nominees exceeds the number of directors to be elected (a "contested election"), directors shall be elected by a plurality of the votes cast by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors at such meeting and (ii) in an election of directors that is not a contested election (an "uncontested election"), such as that being held at the Annual Meeting, directors shall be elected by a majority of

the votes cast by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors at such meeting. For purposes of the Bylaws, in an uncontested election, a “majority of the votes cast” means that the number of shares voted “for” a director must exceed the number of votes cast “against” that director. Prior to the amendment of the Bylaws, directors were elected by a plurality of the votes cast, whether or not the election was a contested election.

In connection with the amendment to the Bylaws, the Board approved and adopted an amendment to the Company’s Corporate Governance Guidelines to implement a resignation policy for directors who fail to receive the required number of votes in an uncontested election in accordance with the Bylaws. Pursuant to the Corporate Governance Guidelines, as amended, in an uncontested election, any nominee for director who receives a greater number of votes “against” his or her election than votes “for” such election (a “majority against vote”) shall promptly tender his or her resignation following certification of the shareholder vote.

The Nominating Committee shall promptly consider the resignation offer and a range of possible responses based on the circumstances that led to the majority against vote, if known, and make a recommendation to the Board concerning whether to accept or reject such resignation. The Board shall act on the Nominating Committee’s recommendation and publicly disclose its decision with respect to such resignation offer within 90 days following certification of the shareholder vote. The resignation, if accepted by the Board, will be effective at the time specified by the Board when it determines to accept the resignation, which effective time may be deferred until a replacement director is identified and appointed to the Board.

Board Leadership Structure

Mr. Foran serves as Chairman of the Board and Chief Executive Officer of the Company. As stated in the Corporate Governance Guidelines, the Board does not believe that the offices of Chairman of the Board and Chief Executive Officer must be separate. The members of the Board possess experience and unique knowledge of the challenges and opportunities the Company faces. They are, therefore, in the best position to evaluate the current and future needs of the Company and to judge how the capabilities of the directors and senior managers can be most effectively organized to meet those needs. Given Mr. Foran’s deep knowledge of the Company and experience in leading it, the Board currently believes that the most effective leadership structure for the Company is to have Mr. Foran serve as Chairman of the Board and Chief Executive Officer.

While Mr. Foran serves as Chairman of the Board and Chief Executive Officer, all of our non-employee directors are independent under the rules of the SEC and the NYSE. After considering the recommendations of our Strategic Planning and Compensation Committee, the independent directors determine Mr. Foran’s compensation. Further, the Company has five standing committees and a lead independent director, who is currently Mr. Baribault. The Board believes that each of these measures counterbalances any risk that may exist in having Mr. Foran serve as Chairman of the Board and Chief Executive Officer. For these reasons, the Board believes that this leadership structure is effective for the Company.

As lead independent director, Mr. Baribault has the following roles and responsibilities:

- chairs the executive sessions of the non-management and independent directors;
- leads the independent directors in the evaluation of the Chief Executive Officer;
- facilitates communication among the independent directors; and
- acts as a liaison between the independent directors and the Chief Executive Officer.

Mr. Baribault, as lead independent director, may also perform such other duties as the Board or the Corporate Governance Committee from time to time may assign, which may include, but are not limited to, the following:

- help develop Board agendas and ensure critical issues are included;
- determine quality, quantity and timeliness of information from management;
- make recommendations about retaining consultants or advisors for the Board;

- interview Board candidates;
- oversee Board and director evaluations; and
- help improve communications and processes by and between management and the Board and the Chief Executive Officer.

Board Committees

The standing committees of the Board are the Audit Committee, Corporate Governance Committee, Executive Committee, Nominating Committee and Strategic Planning and Compensation Committee. The Board has also established the following advisory committees: Capital Markets and Finance Committee, Marketing and Midstream Committee, Operations and Engineering Committee and Prospect Committee. Each of the standing committees is governed by a charter, and a copy of the charters of each of these committees is available on the Company’s website at www.matadorresources.com under the heading “Investor Relations—Corporate Governance.” Director membership of all of our standing and advisory committees is identified below, as of April 12, 2019.

Audit Committee

The Audit Committee assists the Board in monitoring:

- the integrity of our financial statements and disclosures;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent auditor;
- the performance of our internal audit function and our independent auditor; and
- our internal control systems.

In addition, the Audit Committee is charged with review of compliance with our Code of Ethics.

As of April 12, 2019, the Audit Committee consisted of Messrs. Baribault, Burkert, Byerley, Clifton and Parker, each of whom is independent under the rules of the SEC and the NYSE. Mr. Byerley is the chair of the Audit Committee. SEC rules require a public company to disclose whether or not its audit committee has an “audit committee financial expert” as defined by applicable SEC rules and regulations. Our Board has determined that each of Messrs. Byerley, Burkert, Clifton and Parker is an “audit committee financial expert.” During 2018, the Audit Committee met five times.

Strategic Planning and Compensation Committee

In February 2018, the Board renamed the Compensation Committee as the Strategic Planning and Compensation Committee. The Strategic Planning and Compensation Committee has the following responsibilities:

The Strategic Planning and Compensation Committee has the authority to delegate authority and responsibilities to subcommittees of its members, so long as the subcommittee consists of at least two members.

As of April 12, 2019, the Strategic Planning and Compensation Committee consisted of Messrs. Baribault, Baty, Burkert, Parker and Stewart, each of whom is independent under the rules of the SEC and the NYSE and a “non-employee director” pursuant to Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Mr. Baty is the chair of the Strategic Planning and Compensation Committee. During 2018, the Strategic Planning and Compensation Committee met six times.

Nominating Committee

The Nominating Committee has the following responsibilities:

- identifies and recommends to the Board individuals qualified to be nominated for election to the Board; and
- recommends to the Board the members and chair of each committee of the Board.

The Nominating Committee has the authority to delegate authority and responsibilities to subcommittees of its members, so long as the subcommittee consists of at least two members. Pursuant to the Nominating Committee Charter, no director may serve on the Nominating Committee if such director is subject to re-election to the Board at the next annual meeting of shareholders.

As of April 12, 2019, the Nominating Committee consisted of Ms. Rogers and Messrs. Baribault, Parker and Stewart, each of whom is independent under the rules of the SEC and the NYSE. Mr. Stewart is the chair of the Nominating Committee. During 2018, the Nominating Committee met six times.

The Board has also established a Shareholder Advisory Committee for Board Nominations (the “Advisory Committee”) that is charged with receiving and considering possible nominees for election to the Board by shareholders. Pursuant to the Advisory Committee charter, this committee is comprised of eight to 12 persons selected by the Nominating Committee and consists of at least:

- two members of the Nominating Committee;
- two former members of or special advisors to the Board;
- two shareholders who beneficially own Common Stock having a market value of at least \$1.0 million (such value to be based on the market value of the Common Stock immediately prior to designation of such shareholders to the Advisory Committee); and
- two shareholders who have beneficially owned Common Stock continuously for at least the five years prior to such shareholder’s designation to the Advisory Committee.

The current members of the Advisory Committee are Ms. Rogers, Messrs. Stewart, Rolfe and King, George M. Yates, J. Barry Banker, Joe E. Coleman, Kevin M. Grevey and Bobby K. Pickard. Messrs. King and Rolfe are co-chairs of the Advisory Committee.

The Advisory Committee makes recommendations based on its conclusions to the Nominating Committee for its consideration and review.

The Nominating Committee and the Advisory Committee consider individuals recommended by the Company’s shareholders to serve on the Board. In considering candidates submitted by shareholders, the Advisory Committee and the Nominating Committee take into consideration the needs of the Board and the qualifications of the candidate. To have a candidate considered by the Advisory Committee and the Nominating Committee, a shareholder must submit the recommendation in writing and must include the following information:

- The name and address of the shareholder, evidence of the person’s ownership of Common Stock or derivatives, including the number of shares owned, a description of all arrangements or understandings regarding the right to vote shares of the Company, any short interest in any security of the Company, any rights to dividends that are separated or separable from the underlying shares, any proportionate interest in shares or derivatives held by a general or limited partnership whereby the shareholder is a general partner or beneficially owns an interest in the general partner, any performance-related fees (other than an asset-based fee) that the shareholder is entitled to based on any change in the value of the shares or derivatives, any other information relating to the shareholder that would be required to be disclosed in connection with solicitations of proxies for the election of directors in a contested election and a statement whether or not the shareholder will deliver a proxy to shareholders; and
- The name, age, business and residence addresses of the candidate, the candidate’s résumé or a listing of his or her qualifications to be a director of the Company, the person’s consent to be a director if selected by the Nominating Committee, nominated by the Board and elected by the shareholders and any other information that would be required to be disclosed in solicitations of proxies for the election of directors.

The shareholder recommendation and information described above, and in more detail in our Bylaws, must be sent to the Corporate Secretary at One Lincoln Centre, 5400 LBJ Freeway, Suite 1500, Dallas, Texas 75240 and must be received by the Corporate Secretary not fewer than 45 nor more than 75 days prior to the one year anniversary date of the date the Company’s proxy statement was mailed in connection with the previous year’s annual meeting of shareholders.

The Nominating Committee believes that a potential director of the Company must demonstrate that such candidate has:

- a depth of experience at the policy-making level in business, government or education;
- a balance with the business knowledge and experience of the incumbent or nominated directors;
- availability and willingness to devote adequate time to Board duties;
- any unfilled expertise needed on the Board or one of its committees;
- character, judgment and ability to make independent analytical, probing and other inquiries;
- willingness to exercise independent judgment yet willingness to listen and learn from the other directors and the Company's staff; and
- financial independence to ensure such candidate will not be financially dependent on director compensation.

In the case of an incumbent director, the Nominating Committee will also consider such director's past performance on the Board.

The Nominating Committee or the Advisory Committee may identify potential nominees by asking, from time to time, current directors and executive officers for their recommendation of persons meeting the criteria described above who might be available to serve on the Board. The Nominating Committee or the Advisory Committee may also engage firms that specialize in identifying director candidates. As described above, the Nominating Committee and Advisory Committee will also consider candidates recommended by shareholders.

Once a person has been identified by the Nominating Committee or the Advisory Committee as a potential candidate, the Nominating Committee or the Advisory Committee will make an initial determination regarding the need for additional Board members to fill vacancies or expand the size of the Board. If the Nominating Committee or the Advisory Committee determines that additional consideration is warranted, the Nominating Committee or the Advisory Committee will review such information and conduct interviews as it deems necessary to fully evaluate each director candidate. In addition to the qualifications of a candidate, the Nominating Committee or the Advisory Committee will consider such relevant factors as it deems appropriate, including the current composition of the Board, the evaluations of other prospective nominees and the need for any required expertise on the Board or one of its committees. The Nominating Committee or the Advisory Committee also contemplates multiple dynamics that promote and advance diversity among the members of the Board. Although the Nominating Committee does not have a formal diversity policy, the Nominating Committee considers a number of factors regarding diversity of personal and professional backgrounds, gender, race, age, specialized skills and acumen and breadth of experience in energy exploration and production, midstream and marketing, executive leadership, accounting, finance or law. The Nominating Committee does not discriminate based upon race, religion, gender, national origin, age, disability, citizenship or any other legally protected status. The Nominating Committee's evaluation process will not vary based on whether or not a candidate is recommended by a shareholder.

The Corporate Governance Committee is responsible for periodically reviewing and assessing our Corporate Governance Guidelines and Code of Ethics and making recommendations for changes thereto to the Board, reviewing any other matters related to our corporate governance, unless the authority to conduct such review has been retained by the Board or delegated to another committee, and overseeing the process for evaluation of the Board and management.

We currently maintain two equity compensation plans, the Matador Resources Company 2003 Stock and Incentive Plan, as amended (the “2003 Plan”), and the Matador Resources Company Amended and Restated 2012 Long-Term Incentive Plan, as amended (the “2012 Plan,” and together with the 2003 Plan, the “Prior Plans”). We no longer grant awards under the 2003 Plan and upon approval of the 2019 Plan, we will no longer grant awards under the 2012 Plan. The following table sets forth certain information about the 2019 Plan and the Prior Plans as of April 12, 2019:

Number of shares of the Company’s common stock, par value \$0.01 per share (“Common Stock” as used in this Proposal) being requested under the 2019 Plan	3,225,000*
Number of shares of Common Stock available for future awards under the 2012 Plan	400,968**
Number of shares of Common Stock subject to outstanding stock options under the Prior Plans	2,761,049
Number of shares of Common Stock subject to outstanding awards of restricted stock and restricted stock units (full value awards) under the Prior Plans	1,713,632***
Weighted average remaining term of outstanding options under the Prior Plans	2.9 years
Weighted average exercise price of outstanding options under the Prior Plans	\$24.15
Total number of shares of Common Stock outstanding as of April 12, 2019	116,392,034

* Plus shares of Common Stock remaining available for issuance under the 2012 Plan on the date the 2019 Plan is approved by our shareholders and certain shares of Common Stock subject to outstanding awards under the 2012 Plan (see “—Description of the 2019 Plan—Share Authorization” below).

** The Board has determined not to make any additional grants of awards under the Matador Resources Company 2003 Stock and Incentive Plan.

*** Consists of 856,012 performance stock units (assuming maximum performance), 94,371 restricted stock units held by directors and advisors and 763,249 shares of restricted stock, all of which are outstanding under the 2012 Plan. Excludes 428,006 phantom units granted in February 2019, which may only be settled in cash upon vesting.

We anticipate that the shares of Common Stock available for future awards under the Prior Plans will not be sufficient to cover equity incentives to current and prospective employees, directors and other service providers. The 2019 Plan is intended to enable us to remain competitive and innovative in our ability to attract, motivate, reward and retain the services of key employees, key contractors and non-employee directors. The 2019 Plan provides for the grant of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights and other awards, any of which may be granted as performance awards, or singly, in combination or in tandem, and which may be paid in cash or shares of Common Stock. The 2019 Plan will provide flexibility to our compensation methods in order to adapt the compensation of employees, contractors and non-employee directors to a changing business environment, after giving due consideration to compensation program goals, competitive conditions and the potential dilutive impact of grants.

As part of the Board’s decision to approve the 2019 Plan, including the total number of shares available for issuance under the 2019 Plan, the Board and Strategic Planning and Compensation Committee (the “Compensation Committee”) also analyzed the anticipated dilutive impact of the 2019 Plan’s share reserve and the historical rate at which the Independent Board grants equity awards:

- The potential dilution from the 3,225,000 shares of Common Stock to be authorized for issuance under the 2019 Plan, for which shareholder approval is being requested, is approximately 2.8% of our outstanding shares of Common Stock as of April 12, 2019.

- The equity plan share usage rate over 2016, 2017 and 2018 represented a three-year average usage rate of 2.0% of our weighted average Common Stock outstanding for each such year, placing the Company in the 77th percentile of its 2018 peer group. The peer group's median three-year average usage rate was 1.5%.

In addition, the Board and Compensation Committee reviewed projected future share usage and projected future forfeitures. The projected future usage of shares for awards under the 2019 Plan was reviewed under scenarios based on a variety of assumptions. Depending on the assumptions, the 3,225,000 shares of Common Stock being requested under the 2019 Plan are currently expected to satisfy our equity compensation needs for approximately three years. This could change depending on our future equity grant practices. The Board and the Compensation Committee are committed to effectively managing the number of shares reserved for issuance under the 2019 Plan while minimizing shareholder dilution.

The Board has determined that the 2019 Plan is in the best interest of the Company and its shareholders and has recommended that the Company's shareholders approve the 2019 Plan.

Promotion of Good Corporate Governance Practices

The 2019 Plan includes the following features, emphasizing our commitment to strong corporate governance practices:

- Prohibits liberal share recycling and shares withheld to cover tax obligations or the exercise price of an award will not again be available for issuance under the 2019 Plan;
- Prohibits repricing of stock options or stock appreciation rights without shareholder approval;
- Prohibits the payment of dividends or dividend equivalent rights on any unearned or unvested award;
- Stock options and stock appreciation rights may not be granted at a discount to the fair market value on the date of grant and are subject to a maximum term of ten years;
- Provides for an annual limit on compensation that may be paid to outside directors (whether in cash or equity and under the 2019 Plan or otherwise) of \$600,000 in the aggregate (except in limited circumstances);
- Limits awards that may be granted during any calendar year to no more than 500,000 shares subject to any option or stock appreciation right granted to any executive officer and \$10,000,000 for any performance awards granted to any participant;
- Except with respect to up to 5% of the shares of Common Stock authorized for issuance under the 2019 Plan, and for certain accelerated vesting permitted in the case of death, disability or a change in control, no awards may vest sooner than one year from the date of grant (or upon the next annual meeting for awards granted to outside directors); and
- Awards granted under the 2019 Plan are subject to any clawback policy adopted by us from time to time.

Description of the 2019 Plan

The following is a brief description of the 2019 Plan. A copy of the 2019 Plan is attached as Annex B to this Proxy Statement, and the following description is qualified in its entirety by reference to the 2019 Plan.

Effective Date and Expiration

The 2019 Plan was adopted by the Board on April 22, 2019 (the "Board Approval Date"), subject to shareholder approval. The 2019 Plan will become effective on the date of shareholder approval of the 2019 Plan (the "Effective Date"). Unless sooner terminated by the Board, the 2019 Plan will terminate and expire on the tenth anniversary of the Board Approval Date. No award may be made under the 2019 Plan after the tenth anniversary of the Board Approval Date, but awards made prior to such date may extend beyond that date.

Share Authorization

Subject to certain adjustments, the number of shares that may be issued pursuant to awards under the 2019 Plan is 3,225,000 total shares of Common Stock, plus the number of shares of Common Stock remaining available for issuance under the Prior Plan on the Effective Date, plus the number of shares of Common Stock subject to any award outstanding under the 2012 Plan as of the Effective Date that is not issued because such award is forfeited, terminates, expires or otherwise lapses without being exercised, or is settled in cash. On April 12, 2019, the closing sale price of our Common Stock as reported on the NYSE was \$20.95 per share.

Shares to be issued may be made available from authorized but unissued shares of Common Stock, shares held by us in our treasury or shares purchased by us on the open market or otherwise. During the term of the 2019 Plan, we will at all times reserve and keep enough shares available to satisfy the requirements of the 2019 Plan. If any shares of Common Stock subject to an award are not issued or transferred to a participant and cease to be issuable or transferable to a participant because of the forfeiture, termination, expiration or cancellation, in whole or in part, of such award or for any other reason, the shares not so issued or transferred, or the shares so reacquired by us, as the case may be, will no longer be charged against the maximum number of shares reserved under the 2019 Plan and may be used thereafter for additional awards. The following additional parameters also apply:

- If an award may be settled in shares of Common Stock or cash, such shares will be deemed issued only when and to the extent that settlement or payment is actually made in shares of Common Stock. To the extent an award is settled or paid in cash, and not shares of Common Stock, any shares previously reserved for issuance or transfer pursuant to such award will again be deemed available for issuance or transfer under the 2019 Plan, and the maximum number of shares of Common Stock that may be issued or transferred under the 2019 Plan will be reduced only by the number of shares actually issued and transferred to the Participant.
- Notwithstanding the foregoing, (i) shares withheld or tendered to pay withholding taxes or the exercise price of an award will not again be available for the grant of awards under the 2019 Plan, and (ii) the full number of shares subject to a stock option or stock-settled stock appreciation right exercised will be counted against the shares authorized for issuance under this 2019 Plan, regardless of the number of shares actually issued upon the settlement of such stock option or stock appreciation right.
- Any shares repurchased by us on the open market using the proceeds from the exercise of an award will not increase the number of shares available for the future grant of awards.

Individual Limits

Subject to certain adjustments, the following limitations apply to individuals under the 2019 Plan:

- with respect to any participant who is an executive officer of the Company, a maximum of 500,000 shares may be granted in any one year in the form of stock options or stock appreciation rights to such participant;
- no participant may receive performance awards in any calendar year which have an aggregate value of more than \$10,000,000, and if such an award involves the issuance of Common Stock, the value will be based on the grant date fair market value of the Common Stock; and
- with respect to any participant who is an outside director of the Company, the grant date fair market value of equity based awards and any cash compensation granted in any calendar year will not exceed \$600,000 in the aggregate, provided that in a calendar year in which an outside director first joins the Board or serves as Chairman of the Board or Lead Director, the maximum dollar value of such individual's cash and equity based compensation (based on grant date fair market value) in any calendar year may be up to \$1,200,000 in the aggregate.

Administration

The 2019 Plan will be administered by the Board or a committee of the Board (the "Committee") consisting of two or more members. At any time there is no Committee to administer the 2019 Plan, any reference to the Committee is a reference to the Board. Currently, the Independent Board serves as the Committee that will

administer the 2019 Plan. The Committee will determine the persons to whom awards are to be made, determine the type, size and terms of awards, interpret the 2019 Plan, establish and revise rules and regulations relating to the 2019 Plan, establish performance goals for awards and certify the extent of their achievement, and make any other determinations that it believes necessary for the administration of the 2019 Plan. The Committee may delegate certain duties to one or more officers of the Company as provided in the 2019 Plan.

Eligibility

Employees (including any employee who is also a director or an officer), contractors and non-employee directors of the Company or its subsidiaries are eligible to participate in the 2019 Plan. As of April 12, 2019, the Company had approximately 280 employees, nine non-employee directors and approximately 10 contractors who would be eligible for awards under the 2019 Plan.

Stock Options

The Committee may grant either incentive stock options (“ISOs”) qualifying under Section 422 of the United States Internal Revenue Code of 1986, as amended, together with the published rulings, regulations and interpretations duly promulgated thereunder (the “Code”), or nonqualified stock options, provided that only employees of the Company and its subsidiaries (excluding subsidiaries that are not corporations) are eligible to receive ISOs. Stock options may not be granted with an option price less than 100% of the fair market value of a share of Common Stock on the date the stock option is granted. If an ISO is granted to an employee who owns or is deemed to own more than 10% of the combined voting power of all classes of stock of the Company (or any parent or subsidiary), the option price will be at least 110% of the fair market value of a share of Common Stock on the date of grant. The Committee will determine the terms of each stock option at the time of grant, including without limitation, the methods by or forms in which shares will be delivered to participants. The maximum term of each option, the times at which each option will be exercisable and provisions requiring forfeiture of unexercised options at or following termination of employment or service generally are fixed by the Committee, except that the Committee may not grant stock options with a term exceeding 10 years.

Recipients of stock options may pay the option price: (i) in cash, check, bank draft or money order payable to the order of the Company; (ii) by delivering to the Company shares of Common Stock (including restricted stock) already owned by the participant having a fair market value equal to the aggregate option price and that the participant has not acquired from the Company within six months prior to the exercise date; (iii) by delivering to the Company or its designated agent an executed irrevocable option exercise form together with irrevocable instructions from the participant to a broker or dealer, reasonably acceptable to the Company, to sell certain of the shares purchased upon the exercise of the option or to pledge such shares to the broker as collateral for a loan from the broker and to deliver to the Company the amount of sale or loan proceeds necessary to pay the purchase price; (iv) by the Company withholding a number of shares of Common Stock, valued at the fair market value on the exercise date, otherwise issuable upon exercise of the stock option; and/or (v) by any other form of valid consideration that is acceptable to the Committee in its sole discretion. In the event that shares of restricted stock are tendered to pay the option price, a number of shares of Common Stock issued upon the exercise of the stock option equal to the number of shares of restricted stock tendered to pay the option price will be subject to the same restrictions and provisions as the restricted stock so tendered.

Stock Appreciation Rights

The Committee is authorized to grant stock appreciation rights (“SARs”) as a stand-alone award, or freestanding SARs, or in conjunction with stock options granted under the 2019 Plan, or tandem SARs. SARs entitle a participant to receive an amount, in cash and/or Common Stock, equal to the excess of the fair market value of a share of Common Stock on the date of exercise (or, as provided in the award agreement, conversion) over the fair market value of a share of Common Stock on the date of grant. The grant price of a SAR cannot be less than 100% of the fair market value of a share on the date of grant. The Committee will determine the terms of each SAR at the time of the grant, including, without limitation, the methods by or forms in which shares will be delivered to participants. The maximum term of each SAR, the times at which each SAR will be exercisable and

provisions requiring forfeiture of unexercised SARs at or following termination of employment or service generally are fixed by the Committee, except that no freestanding SAR may have a term exceeding 10 years and no tandem SAR may have a term exceeding the term of the option granted in conjunction with the tandem SAR.

Restricted Stock and Restricted Stock Units

The Committee is authorized to grant restricted stock and restricted stock units. Restricted stock consists of shares of Common Stock that may not be sold, transferred, pledged, assigned, hypothecated, encumbered or otherwise disposed of, and that may be forfeited in the event of certain terminations of employment or service, prior to the end of a restricted period as specified by the Committee. Restricted stock units are the right to receive shares of Common Stock at a future date in accordance with the terms of such grant upon the attainment of certain conditions specified by the Committee, which include a substantial risk of forfeiture and restrictions on their sale or other transfer by the participant. The Committee determines the eligible participants to whom, and the time or times at which, grants of restricted stock or restricted stock units will be made, the number of shares or units to be granted, the price to be paid, if any, the time or times within which the shares covered by such grants will be subject to forfeiture, the time or times at which the restrictions will terminate and all other terms and conditions of the grants. Restrictions or conditions could include, but are not limited to, the attainment of performance goals (as described below), continuous service with the Company, the passage of time or other restrictions or conditions. The value of the restricted stock units may be paid in shares, cash or a combination of both, as determined by the Committee at the time of grant.

Dividends and Dividend Equivalent Rights

A participant who receives a grant of restricted stock will have all the rights of a shareholder of the Company; provided, however that the participant will not have the right to receive dividends on any unvested restricted stock award unless and until the restriction lapses. Accrued dividends will be paid as soon as practicable following vesting of the underlying restricted stock award.

The Committee is authorized to grant a dividend equivalent right to any participant either as a component of another award or as a separate award, conferring on participants the right to receive credits based on the dividends that would have been paid on a specific number of shares of Common Stock specified in the award agreement if such shares were held by the participant. The terms and conditions of the dividend equivalent right will be specified by the grant. If a dividend equivalent right is granted as a component of another award, the dividend equivalent right will provide that such dividend equivalent right may be settled only upon settlement or payment of, or lapse of restrictions on, such other award, and that such dividend equivalent right will expire or be forfeited or annulled under the same conditions as such other award. Dividend equivalents credited to the holder of a dividend equivalent right may be paid currently or may be deemed to be reinvested in additional shares. Any such reinvestment will be at the fair market value at the time thereof. A dividend equivalent right may be settled in cash, shares or a combination thereof, in a single payment or in installments.

No dividends or dividend equivalent rights will be paid out or settled unless and until, and then only to the extent that, the applicable underlying award vests.

Other Awards

The Committee may grant other forms of awards based upon, payable in or otherwise related to, in whole or in part, shares of Common Stock if the Committee determines that such other form of award is consistent with the purpose and restrictions of the 2019 Plan. The terms and conditions of such other form of award will be specified in the applicable grant agreement. Such other awards may be granted for no cash consideration, for such minimum consideration as may be required by applicable law or for such other consideration as may be specified by the grant.

Performance Awards

The Committee may grant any of the award types as performance awards payable in cash, shares of Common Stock, a combination thereof or other consideration at the end of a specified performance period. Payment will be

contingent upon achieving pre-established performance goals (as discussed below) by the end of the performance period. The Committee will determine the length of the performance period, the maximum payment value of an award and the minimum performance goals required before payment will be made. If the Committee determines in its sole discretion that the established performance measures or objectives are no longer suitable because of a change in the Company's business, operations, corporate structure or for other reasons that the Committee deems satisfactory, the Committee may modify the performance measures or objectives and/or the performance period.

Performance Goals

Awards under the 2019 Plan may be made subject to the attainment of performance goals relating to one or more business criteria, which may consist of one or more or any combination of the following criteria ("Performance Criteria"): earnings (either in the aggregate or on a per-share basis) or adjusted earnings; net income or adjusted net income; operating income; operating profit; cash flow; return measures, including cash return on cash invested, return on average capital employed or other return on assets, investments, equity or invested capital; total shareholder return (change in share price plus reinvestment of dividends into shares when declared, if any, from period to period) and other measures of shareholder return (including income applicable to common shareholders or other class of shareholders); earnings before or after either, or any combination of, interest, taxes, depletion, depreciation, amortization or other non-cash items (EBITDA); adjusted EBITDA; acreage; reserves; present value of estimated future oil and gas revenues, net of estimated direct expenses, discounted at an annual discount rate of 10%; gross revenues; reduction in expense levels in each case, where applicable, determined either on a Company-wide basis or in respect of any one or more subsidiaries or business units thereof; economic value or economic value added; market share or market share added; annual net income to Common Stock; earnings per share or growth in earnings per share; annual cash flow provided by operations; changes in annual revenues; strategic and operational business criteria, consisting of one or more objectives based on specified revenue, market penetration, geographic business expansion goals, execution of new midstream third-party agreements, identified project milestones, completion of significant projects, production, gathering, processing or disposal volume levels (on an absolute or debt-adjusted basis), cost targets, lease operating expenses, general and administrative expenses, leverage ratio, finding and development costs, reserves or reserves added, reserve replacement ratio and goals relating to acquisitions or divestitures; goals relating to specific environmental compliance measures and safety and accident rates; individual management objectives; certain strategic goals, such as consummation of transactions or events, or other qualitative matters, that improve operational efficiencies or results, preserve the Company's balance sheet, create additional value through acquisitions, divestitures, joint ventures or other value creating transactions, expand or increase the per share value of the Company's midstream business, represent an assumption of additional duties beyond those within an executive's responsibilities, assist in staff development, retention and training or serve to maintain the Company's culture and working conditions; and/or any other performance goal that the Committee deems appropriate.

The Committee may designate, in its sole discretion, whether a particular Performance Criterion is to be measured on a pre-tax basis or post-tax basis. In addition, certain Performance Criteria may be stated in reference to a production volume of measurement such as in per barrels of oil equivalents or cubic feet equivalents (e.g., per BOE, MBOE, MMBOE, Mcfe, MMcfe or Bcfe), including such production volume on a daily basis. Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company and may be measured relative to a peer group or index. Any Performance Criteria may include or exclude: (i) extraordinary, unusual and/or non-recurring items of gain or loss; (ii) gains or losses on the disposition of a business; (iii) changes in tax or accounting regulations or laws; (iv) the effect of a merger or acquisition, as identified in the Company's quarterly and annual earnings releases; or (v) other similar occurrences.

Vesting, Forfeiture, Assignment

The Committee, in its sole discretion, will establish the vesting terms applicable to an award, including whether all or any portion will not be vested until a date, or dates, subsequent to its date of grant, or until the occurrence of

one or more specified events, provided that any such vesting terms may not be inconsistent with the terms of the 2019 Plan. If the Committee imposes conditions upon vesting, then, except as otherwise provided below, subsequent to the date of grant the Committee may, in its sole discretion, accelerate the date on which all or a portion of the award may be vested, provided that any such acceleration must comply with the terms of the 2019 Plan. Awards granted under the 2019 Plan to participants other than outside directors must vest no earlier than one year after the date of grant, while awards granted to outside directors must vest no earlier than the earlier of one year after the date of grant or the next annual meeting of shareholders (provided that such annual meetings are at least fifty (50) weeks apart). Notwithstanding the foregoing, the Committee may, in its sole discretion, accelerate the vesting or waive any applicable restriction period awards granted under the 2019 Plan, provided that the shares of Common Stock subject to such awards will be Exempt Shares (as defined in the 2019 Plan), unless such acceleration or waiver occurs by reason of the occurrence of a change in control or the participant's death, disability, or termination of employment or service on or following a change in control. The number of Exempt Shares is limited to 5% of the number of shares available for issuance under the 2019 Plan.

The Committee may impose on any award, at the time of grant or thereafter, such additional terms and conditions as the Committee determines, including terms requiring forfeiture of awards in the event of a participant's termination of service. The Committee will specify the circumstances under which performance awards may be forfeited in the event of a termination of service by a participant prior to the end of a performance period or settlement of awards.

Except for limited permitted transfers to certain family members or related entities for no consideration, awards granted under the 2019 Plan generally are not assignable or transferable except by will or by the laws of descent and distribution. Incentive stock options granted under the 2019 Plan are not transferable and are only exercisable during the lifetime of the participant by the participant.

Adjustments upon Changes in Capitalization

In the event that any dividend or other distribution, recapitalization, stock split, reverse stock split, rights offering, reorganization, merger, consolidation, split-up, spin-off, split-off, combination, subdivision, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase shares of Common Stock or other securities of the Company, or other similar corporate transaction or event affects the fair value of an award, then the Committee will adjust any or all of the following so that the fair value of the award immediately after the transaction or event is equal to the fair value of the award immediately prior to the transaction or event: (i) the number of shares and type of Common Stock (or the securities or property) which thereafter may be made the subject of awards, (ii) the number of shares and type of Common Stock (or other securities or property) subject to outstanding awards, (iii) the option price of each outstanding award and (iv) the number of shares subject to or the exercise price of then outstanding SARs, to the end that the same proportion of the Company's issued and outstanding shares of Common Stock in each instance will remain subject to exercise (if applicable) at the same aggregate exercise price; provided however, that the number of shares of Common Stock (or other securities or property) subject to any award will always be a whole number. Notwithstanding the foregoing, no adjustment will be made or authorized to the extent that such adjustment would cause the 2019 Plan or any stock option to violate Section 422 of the Code or Section 409A of the Code. All such adjustments must be made in accordance with the rules of any securities exchange, stock market or stock quotation system to which the Company is subject.

Treatment in Connection with Recapitalization, Merger and Consolidation

In the event of a merger, consolidation or share exchange, where the Company is not the surviving corporation, unless the surviving corporation does not agree to do so, the outstanding awards under the 2019 Plan will be substituted with awards representing the right to shares of stock of other securities or that amount of cash, property or assets of the surviving corporation, in accordance with the terms of the outstanding award.

In the event of a merger, consolidation or share exchange, where the Company is not the surviving corporation and the surviving corporation does not agree to assume the outstanding awards under the 2019 Plan, all awards may be cancelled by the Company, in its sole discretion, as of the date of such transaction by either:

- giving notice to each participant of its intention to cancel such participant's award for which the issuance of shares involved payment by the participant, and allowing the participant to purchase any or all shares underlying such award, including unvested awards (as determined by the Board), during the thirty day period preceding the cancellation of the award; or
- in the case of awards that are either (i) settled only in shares of Common Stock or (ii) at the election of the participant, settled in shares of Common Stock, paying the participant a reasonable estimate of the difference between the net amount per share payable in such transaction and the price per share of such award, multiplied by the number of shares subject to the award. Reasonable adjustments and determinations will be made to account for the structure of the transaction.

Amendment or Discontinuance of the 2019 Plan

The Board may, at any time and from time to time, without the consent of the participants, alter, amend, revise, suspend or discontinue the 2019 Plan in whole or in part; provided, however, that: (i) no amendment that requires shareholder approval in order for the 2019 Plan and any awards under the 2019 Plan to continue to comply with Sections 421 and 422 of the Code (including any successors to such sections, or other applicable law) or any applicable requirements of any securities exchange or inter-dealer quotation system on which the Company's stock is listed or traded, will be effective unless such amendment is approved by the requisite vote of the Company's shareholders entitled to vote on the amendment; and (ii) unless required by law, no action by the Board regarding amendment or discontinuance of the 2019 Plan may materially adversely affect any rights of any participants or obligations of the Company to any participants with respect to any outstanding award under the 2019 Plan without the consent of the affected participant.

No Repricing of Stock Options or SARs

The Committee may not "reprice" any stock option or SAR without shareholder approval. For purposes of the 2019 Plan, "reprice" means any of the following or any other action that has the same effect: (i) amending a stock option or SAR to reduce its exercise price or base price, (ii) canceling a stock option or SAR at a time when its exercise price or base price exceeds the fair market value of a common share in exchange for cash or a stock option, SAR, award of restricted stock or other equity award or (iii) taking any other action that is treated as a repricing under generally accepted accounting principles, provided that nothing will prevent the Committee from (x) making adjustments to awards upon changes in capitalization; (y) exchanging or cancelling awards upon a merger, consolidation or recapitalization or (z) substituting awards for awards granted by other entities, to the extent permitted by the 2019 Plan.

Recoupment for Restatements

The Committee may recoup all or any portion of any shares or cash paid to a participant in connection with an award, to the extent provided for under the Company's clawback policy, if any, approved by the Board from time to time.

Federal Income Tax Consequences

The following is a brief summary of certain U.S. federal income tax consequences relating to the transactions described under the 2019 Plan as set forth below. This summary does not purport to address all aspects of federal income taxation and does not describe state, local or foreign tax consequences. This discussion is based upon provisions of the Code and the treasury regulations issued thereunder, and judicial and administrative interpretations under the Code and treasury regulations, all as in effect as of the date hereof and all of which are subject to change (possibly on a retroactive basis) or different interpretation.

Law Affecting Deferred Compensation

Section 409A of the Code regulates all types of deferred compensation. If the requirements of Section 409A of the Code are not satisfied, deferred compensation and earnings thereon will be subject to tax as it vests, plus an interest charge at the underpayment rate plus 1% and a 20% penalty tax. Certain awards under the 2019 Plan may be subject to Section 409A of the Code.

Incentive Stock Options

A participant will not recognize income at the time an ISO is granted. When a participant exercises an ISO, a participant also generally will not be required to recognize income (either as ordinary income or capital gain). However, to the extent that the fair market value (determined as of the date of grant) of the shares with respect to which the participant's ISOs are exercisable for the first time during any year exceeds \$100,000, the ISOs for the shares over \$100,000 will be treated as nonqualified stock options, and not ISOs, for federal tax purposes, and the participant will recognize income as if the ISOs were nonqualified stock options. In addition to the foregoing, if the fair market value of the shares received upon exercise of an ISO exceeds the exercise price, then the excess may be deemed a tax preference adjustment for purposes of the federal alternative minimum tax calculation. The federal alternative minimum tax may produce significant tax repercussions depending upon the participant's particular tax status.

The tax treatment of any shares acquired by exercise of an ISO will depend upon whether the participant disposes of his or her shares prior to two years after the date the ISO was granted or one year after the shares were transferred to the participant (referred to as the "Holding Period"). If a participant disposes of shares acquired by exercise of an ISO after the expiration of the Holding Period, any amount received in excess of the participant's tax basis for such shares will be treated as short-term or long-term capital gain, depending upon how long the participant has held the shares. If the amount received is less than the participant's tax basis for such shares, the loss will be treated as short-term or long-term capital loss, depending upon how long the participant has held the shares.

If the participant disposes of shares acquired by exercise of an ISO prior to the expiration of the Holding Period, the disposition will be considered a "disqualifying disposition." If the amount received for the shares is greater than the fair market value of the shares on the exercise date, then the difference between the ISO's exercise price and the fair market value of the shares at the time of exercise will be treated as ordinary income for the tax year in which the "disqualifying disposition" occurs. The participant's basis in the shares will be increased by an amount equal to the amount treated as ordinary income due to such "disqualifying disposition." In addition, the amount received in such "disqualifying disposition" over the participant's increased basis in the shares will be treated as capital gain. However, if the price received for shares acquired by exercise of an ISO is less than the fair market value of the shares on the exercise date and the disposition is a transaction in which the participant sustains a loss that otherwise would be recognizable under the Code, then the amount of ordinary income that the participant will recognize is the excess, if any, of the amount realized on the "disqualifying disposition" over the basis of the shares.

Nonqualified Stock Options

A participant generally will not recognize income at the time a nonqualified stock option is granted. When a participant exercises a nonqualified stock option, the difference between the option price and any higher market value of the shares of Common Stock on the date of exercise will be treated as compensation taxable as ordinary income to the participant. The participant's tax basis for the shares acquired under a nonqualified stock option will be equal to the option price paid for such shares, plus any amounts included in the participant's income as compensation. When a participant disposes of shares acquired by exercise of a nonqualified stock option, any amount received in excess of the participant's tax basis for such shares will be treated as short-term or long-term capital gain, depending upon how long the participant has held the shares. If the amount received is less than the participant's tax basis for such shares, the loss will be treated as short-term or long-term capital loss, depending upon how long the participant has held the shares.

Special Rule if Option Price is Paid for in Shares

If a participant pays the option price of a nonqualified stock option with previously-owned shares of Common Stock and the transaction is not a disqualifying disposition of shares previously acquired under an ISO, the shares received equal to the number of shares surrendered are treated as having been received in a tax-free exchange. The participant's tax basis and holding period for these shares received will be equal to the participant's tax basis and holding period for the shares surrendered. The shares received in excess of the number of shares surrendered will be treated as compensation taxable as ordinary income to the participant to the extent of their fair market value. The participant's tax basis in these shares will be equal to their fair market value on the date of exercise, and the participant's holding period for such shares will begin on the date of exercise.

If the use of previously acquired shares to pay the exercise price of a nonqualified stock option constitutes a disqualifying disposition of shares previously acquired under an ISO, the participant will have ordinary income as a result of the disqualifying disposition in an amount equal to the excess of the fair market value of the shares surrendered, determined at the time such shares were originally acquired on exercise of the ISO, over the aggregate option price paid for such shares. As discussed above, a disqualifying disposition of shares previously acquired under an ISO occurs when the participant disposes of such shares before the end of the Holding Period. The other tax results from paying the exercise price with previously-owned shares are as described above, except that the participant's tax basis in the shares that are treated as having been received in a tax-free exchange will be increased by the amount of ordinary income recognized by the participant as a result of the disqualifying disposition.

Restricted Stock

A participant who receives restricted stock generally will recognize as ordinary income the excess, if any, of the fair market value of the shares granted as restricted stock at such time as the shares are no longer subject to forfeiture or restrictions, over the amount paid, if any, by the participant for such shares. However, a participant who receives restricted stock may make an election under Section 83(b) of the Code within 30 days of the date of transfer of the shares to recognize ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the restrictions on such shares) over the purchase price, if any, of such shares. If a participant does not make an election under Section 83(b) of the Code, then the participant will recognize as ordinary income any dividends received with respect to such shares. At the time of sale of such shares, any gain or loss realized by the participant will be treated as either short-term or long-term capital gain (or loss) depending on the holding period. For purposes of determining any gain or loss realized, the participant's tax basis will be the amount previously taxable as ordinary income, plus the purchase price paid by the participant, if any, for such shares.

Stock Appreciation Rights

Generally, a participant who receives a stand-alone SAR will not recognize taxable income at the time the stand-alone SAR is granted, provided that the SAR is exempt from or complies with Section 409A of the Code. If a participant receives the appreciation inherent in the SARs in cash, the cash will be taxed as ordinary income to the recipient at the time it is received. If a participant receives the appreciation inherent in the SARs in stock, the spread between the then current market value and the grant price, if any, will be taxed as ordinary income to the employee at the time it is received. In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of SARs. However, upon the exercise of a SAR, the Company will be entitled to a deduction equal to the amount of ordinary income the recipient is required to recognize as a result of the exercise.

Other Awards

In the case of an award of restricted stock units, performance awards, dividend equivalent rights or other stock or cash awards, the recipient will generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery, provided that the award is exempt from or complies with Section 409A of the Code. In that taxable year, the Company will receive a federal income tax deduction in an amount equal to the ordinary income that the participant has recognized.

Federal Tax Withholding

Any ordinary income realized by a participant upon the exercise of an award under the 2019 Plan is subject to withholding of federal, state and local income tax and to withholding of the participant's share of tax under the Federal Insurance Contribution Act and the Federal Unemployment Tax Act. To satisfy federal income tax withholding requirements, the Company will have the right to require that, as a condition to delivery of any shares of Common Stock, the participant remit to the Company an amount sufficient to satisfy the withholding requirements. The participant can make such payment by (i) the delivery of cash to the Company in an amount that equals or exceeds (to avoid the issuance of fractional shares) the required tax withholding obligations of the Company; (ii) if the Company, in its sole discretion, so consents in writing, the actual delivery by the exercising participant to the Company of shares of Common Stock that the participant has not acquired from the Company within six months prior to the date of exercise, vesting or conversion of the award, as applicable, which shares so delivered have an aggregate fair market value that equals or exceeds (to avoid the issuance of fractional shares) the required tax withholding payment; (iii) if the Company, in its sole discretion, so consents in writing, the Company's withholding of a number of shares to be delivered upon the exercise, vesting or conversion of the award, which shares so withheld have an aggregate fair market value that equals or exceeds (to avoid the issuance of fractional shares) the required tax withholding payment; or (iv) any combination of (i), (ii) or (iii) or any other method consented to by the Company in writing. Withholding does not represent an increase in the participant's total income tax obligation, since it is fully credited toward his or her tax liability for the year. Additionally, withholding does not affect the participant's tax basis in the shares. Compensation income realized and tax withheld will be reflected on Forms W-2 supplied by the Company to employees by January 31 of the succeeding year. Deferred compensation that is subject to Section 409A of the Code will be subject to certain federal income tax withholding and reporting requirements.

Tax Consequences to the Company

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the \$1,000,000 limitation on certain compensation paid to certain covered employees in any year under Section 162(m) of the Code.

New Plan Benefits

The Company cannot currently determine the benefits or number of shares subject to awards that may be granted in the future to eligible participants under the 2019 Plan because the grant of awards and terms of such awards are to be determined in the sole discretion of the Committee. Information about awards granted in 2018 under the 2012 Plan to the Company's named executive officers can be found in the table under the heading "Grants of Plan-Based Awards" on page 67.

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve the 2019 Plan. If you hold your shares through a broker and you do not instruct the broker how to vote, your broker will not have the authority to vote your shares. Abstentions will have the same effect as a vote cast against the proposal. Broker non-votes will be counted as present for purposes of determining the presence of a quorum but will have no effect upon the outcome of the vote.

The Board of Directors recommends that you vote FOR approval of the Matador Resources Company 2019 Long-Term Incentive Plan.

PROPOSAL 3 | ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, the Company seeks a non-binding advisory vote from its shareholders to approve the compensation of its Named Executive Officers (as defined below) as described in this Proxy Statement.

As discussed under the “Executive Compensation—Compensation Discussion and Analysis” section of this Proxy Statement (“CD&A”), we believe the Company’s future success and the ability to create long-term value for our shareholders depends on our ability to attract, retain and motivate highly qualified individuals in the oil and natural gas industry. Additionally, we believe that our success also depends on the continued contributions of our Named Executive Officers. The Company’s compensation system plays a significant role in its ability to attract, motivate and retain a high quality workforce. As described in the CD&A, the Company’s compensation program for Named Executive Officers is designed to reward, in both the short term and the long term, performance that contributes to the implementation of our business strategies, maintenance of our culture and values and achievement of our objectives.

In addition, we reward qualities that we believe help achieve our business strategies such as:

- teamwork;
- mentoring future leaders within the Company to drive long-term shareholder value;
- individual performance in light of general economic and industry-specific conditions;
- relationships with shareholders and vendors;
- the ability to manage and enhance production from our existing assets;
- the ability to explore new opportunities to increase oil and natural gas production;
- the ability to identify and acquire additional acreage;
- the ability to improve total shareholder returns;
- the ability to increase year-over-year proved reserves;
- the ability to control unit production costs;
- the ability to pursue midstream opportunities;
- level of job responsibility;
- industry experience; and
- general professional growth.

Our Board has a “pay for performance” philosophy and recognizes the leadership of our executive officers in contributing to the Company’s achievements. As noted above, in 2018, Matador achieved record oil, natural gas and average daily oil equivalent production. In addition, Matador increased its estimated total proved oil and natural gas reserves 41% as of December 31, 2018, as compared to December 31, 2017.

Despite our 2018 successes, support for our executive compensation program decreased from the average 99% level that we received at our three previous annual shareholder meetings to approximately 72% at our 2018 Annual Meeting. In response to this lower than anticipated shareholder support, we implemented an extensive shareholder outreach program, reaching out to shareholders representing approximately 50% of our outstanding stock (other than directors and officers). This outreach effort was led by our lead independent director and the chair of our Compensation Committee. Based upon the feedback we received from our shareholders and our review of industry best practices, we implemented certain changes to our compensation program, many of which will take full effect with our 2019 compensation program year. Further detail regarding this outreach effort, and the changes we have made in response, are included in the CD&A.

This proposal provides shareholders the opportunity to endorse or not endorse the Company's executive compensation program through approval of the following resolution:

"Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved."

The above-referenced CD&A and accompanying disclosures appear on pages 45 to 74 of this Proxy Statement.

Because this is an advisory vote, it will not be binding upon the Board. However, the Compensation Committee and the Independent Board will take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this resolution on a non-binding basis. If you hold your shares through a broker and you do not instruct the broker how to vote, your broker will not have the authority to vote your shares. Abstentions will have the effect as a vote cast against the proposal. Broker non-votes will be counted as present for purposes of determining the presence of a quorum but will have no effect upon the outcome of the vote.

During our 2018 Annual Meeting of Shareholders, our shareholders approved a non-binding, advisory proposal to hold advisory votes to approve our executive compensation every year. In consideration of the results of this advisory vote, the Board has maintained its policy of providing for annual advisory votes to approve executive compensation. Unless the Board modifies this policy, the next advisory vote to approve executive compensation following this vote will be held at our 2020 Annual Meeting of Shareholders.

The Board of Directors recommends that you vote FOR approval of this resolution.

Pursuant to this delegation, the decisions of the chair must be presented to the Audit Committee at its next meeting.

Report of the Audit Committee

We are a standing committee comprised of independent directors as currently defined by SEC regulations and the applicable listing standards of the NYSE. The Board has determined that at least one of the members of the Audit Committee is an “audit committee financial expert” as defined by applicable SEC rules and regulations. We operate under a written charter adopted by the Board. A copy of the charter is available free of charge on the Company’s website at www.matadorresources.com under “Investor Relations—Corporate Governance.”

We annually select the Company’s independent registered public accounting firm. If the shareholders do not ratify the appointment of KPMG LLP at the Annual Meeting, the Audit Committee will consider whether to engage a different independent registered public accounting firm but will not be obligated to do so.

Management is responsible for the Company’s internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with the standards of the United States Public Company Accounting Oversight Board and issuing a report thereon. As provided in our charter, our responsibilities include the monitoring and oversight of these processes.

Consistent with our charter responsibilities, we have met and held discussions with management and the independent registered public accounting firm. In this context, management and the independent registered public accounting firm represented to us that the Company’s consolidated financial statements for the fiscal year ended December 31, 2018 were prepared in accordance with U.S. generally accepted accounting principles. We reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm and discussed with the independent registered public accounting firm matters required to be discussed by Auditing Standard No. 1301: Communications with Audit Committees.

The Company’s independent registered public accounting firm has also provided to us the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Audit Committee, and we discussed with the independent registered public accounting firm that firm’s independence.

Based upon our reviews and discussions with management and the independent registered public accounting firm and our review of the representation of management and the report of the independent registered public accounting firm to the Audit Committee, we recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC.

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the ratification of the appointment of KPMG as the Company's independent registered public accounting firm for the year ending December 31, 2019. If the shareholders do not ratify the appointment of KPMG, the Audit Committee will consider whether to engage a different independent registered public accounting firm but will not be obligated to do so. Abstentions will have the effect as a vote cast against the proposal.

The Board of Directors recommends that you vote FOR the ratification of the appointment of KPMG as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Dear Fellow Shareholders,

On behalf of the Board of Directors (the “Board”) and the Strategic Planning and Compensation Committee (the “Compensation Committee”) of the Board, thank you for partnering with us and entrusting Matador with your hard-earned capital. We and the Board take our responsibilities to you very seriously—we are always eager to hear from our shareholders, and we pledge to continue to listen to your views and respond, as appropriate.

In 2018, Matador’s operational results were excellent. We achieved record oil, natural gas and average daily oil equivalent production. In addition, Matador increased its estimated total proved oil and natural gas reserves 41% as of December 31, 2018, as compared to December 31, 2017. Yet, at the 2018 Annual Meeting of Shareholders, the support for our say-on-pay proposal decreased from the average 99% level we have experienced in recent years to 72%.

In light of these disappointing say-on-pay results, shortly after the 2018 Annual Meeting, the Board and Compensation Committee began taking important steps to both understand the decrease in shareholder support for our executive compensation program and to improve our program in order to further align executive compensation with shareholder expectations.

The most significant step in this process was an extensive outreach effort to our shareholder base. All told, we reached out to shareholders representing approximately 50% of our outstanding stock (excluding stock held by our directors and officers) in an effort to provide them a meaningful opportunity to help us improve our executive compensation program in 2018, 2019 and beyond.

We heard from many of you and, as a result of those discussions, are pleased to report that we have already implemented or are now implementing the following changes to our executive compensation program:

- In consideration of industry factors, shareholder support for our executive compensation program and the Company’s 2018 stock performance, Chairman and Chief Executive Officer Joseph Wm. Foran’s **total compensation was reduced by 27.0%** for 2018, including a 35.5% reduction in annual bonus compensation.
- We **transitioned from a mix of long-term incentive compensation** for executive officers of 67% service-based restricted stock and 33% stock options to 50% service-based restricted stock units and **50% performance-based stock units**, commencing with grants made in February 2019. By replacing the stock option component with performance shares, we **further aligned executive compensation with long-term performance**.
- We **eliminated discretionary bonuses** for executive officers, commonly referred to within the Company as “Marlan” awards in honor of the late Marlan W. Downey (1931-2017), a long-time advisor to the Board. Such bonuses have historically been awarded to contemporaneously reward impressive performance achievements. No Marlan bonuses have been awarded to executive officers following our 2018 Annual Meeting, and the Board does not anticipate granting future Marlan bonuses to our executive officers.

These are just a few of the changes we have implemented since hearing from so many of you in 2018 and early 2019. We look forward to ongoing dialogue with our shareholders and to demonstrating responsiveness to your feedback, including by continuing to improve our executive compensation program.

We are honored to serve on your behalf and hope you will join us at the 2019 Annual Meeting of Shareholders.

Sincerely,

A handwritten signature in black ink that reads "Reynald A. Baribault".

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis, or CD&A, provides a general description of our compensation program and specific information about its various components for the following “Named Executive Officers” for 2018:

- Joseph Wm. Foran, Chairman of the Board and Chief Executive Officer;
- Matthew V. Hairford, President;
- David E. Lancaster, Executive Vice President and Chief Financial Officer;
- Craig N. Adams, Executive Vice President—Land, Legal & Administration; and
- Billy E. Goodwin, Executive Vice President and Head of Operations.

2018 Highlights

Increased Production

The charts below show our total production growth over the past five years.

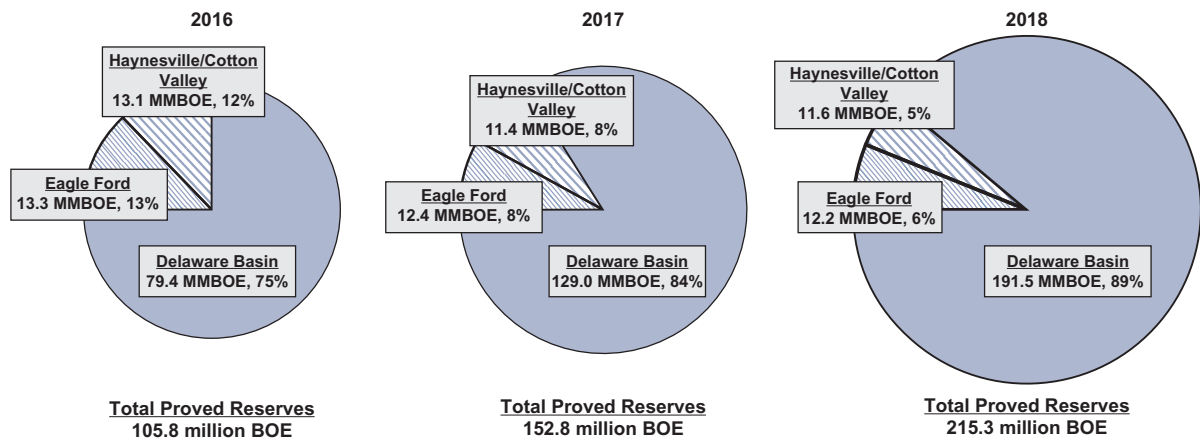

We also increased our average daily oil equivalent production from the Delaware Basin, our most significant operating area, approximately 54% to 45,200 BOE per day (87% of total oil equivalent production), including 28,000 Bbl of oil per day (92% of total oil production) and 103.3 MMcf of natural gas per day (80% of total natural gas production), in 2018, as compared to 29,500 BOE per day (76% of total oil equivalent production), including 18,000 Bbl of oil per day (84% of total oil production) and 68.6 MMcf of natural gas per day (66% of total natural gas production), in 2017.

Increased Oil and Oil Equivalent Reserves

Estimated total proved oil and natural gas reserves were 215.3 million BOE at December 31, 2018, which was a Company record and an increase of 41% from 152.8 million BOE at December 31, 2017.

The charts below show our total proved oil and natural gas reserves at December 31, 2016, December 31, 2017 and December 31, 2018 and a breakdown of total reserves among our various operating areas.

Operational Highlights

- We completed and began producing oil and natural gas from 141 gross (73.8 net) wells in the Delaware Basin in 2018, including 82 gross (66.8 net) operated and 59 gross (7.0 net) non-operated wells.
- We increased our total acreage position in the Delaware Basin to approximately 222,200 gross (132,000 net) acres at December 31, 2018.

Strategic Transactions

We accomplished several important strategic transactions and milestones in 2018 that increased our operational flexibility and opportunities, while preserving the strength of our balance sheet and improving our liquidity position. These transactions included:

- a public offering of 7,000,000 shares of our common stock and the receipt of approximately \$226.4 million of net proceeds in connection therewith;
- a series of transactions whereby we issued \$1.05 billion aggregate principal amount of senior notes at a coupon rate of 5.875% and redeemed our outstanding 6.875% senior notes;
- an amendment of the Credit Agreement to, among other items, increase the maximum facility amount to \$1.5 billion and increase the borrowing base to \$850.0 million while reducing borrowing rates by 0.25% per annum;
- a strategic relationship between a subsidiary of San Mateo and a subsidiary of Plains to gather and transport crude oil for upstream producers in and around the Rustler Breaks asset area in Eddy County, New Mexico within a joint development area of approximately 400,000 acres;
- the expansion of our Black River cryogenic natural gas processing plant (the “Black River Processing Plant”), adding an incremental designed inlet capacity of 200 MMcf of natural gas per day and bringing the total designed inlet capacity of the Black River Processing Plant to 260 MMcf of natural gas per day; and
- the \$387 million acquisition of 8,400 gross and net leasehold acres in the September 2018 BLM lease sale, which added \$249 million of proved reserves value (Standardized Measure) and also included the Stateline asset area, a critical operating area for the Company’s 2019 expansion of San Mateo II.

The net result of these strategic transactions was a notable increase in our liquidity, the addition of significant assets to our balance sheet and the expansion in the value of our growing midstream business.

Overview

Our Board has a “pay for performance” philosophy and recognizes the leadership of our executive officers in contributing to the Company’s achievements. As noted above, in 2018, Matador achieved record oil, natural gas and average daily oil equivalent production. In addition, Matador increased its estimated total proved oil and natural gas reserves 41% as of December 31, 2018, as compared to December 31, 2017.

Despite our 2018 successes, support for our executive compensation program decreased from the average 99% level that we received at our three previous annual shareholder meetings to approximately 72% at our 2018 Annual Meeting. In response to this lower than anticipated shareholder support, we implemented an extensive shareholder outreach program, reaching out to shareholders representing approximately 50% of our outstanding stock (excluding stock held by our directors and officers). This outreach effort was led by our lead independent director and the chair of our Compensation Committee. Based upon the feedback we received from our shareholders and our review of industry best practices, we implemented certain changes to our compensation program, many of which will take full effect with our 2019 compensation program year. Such changes are described in more detail below. We value feedback from our shareholders and expect to continue our shareholder outreach program in 2019 and beyond.

As a result of industry factors, our 2018 say-on-pay vote and the Company’s 2018 stock performance, the overall compensation for our Chairman of the Board and Chief Executive Officer, Mr. Foran, was reduced 27.0% in 2018 as compared to 2017. A portion of this decrease was due to Mr. Foran, along with the other Named Executive Officers, forfeiting approximately \$1.2 million in discretionary “Marlan” bonuses that were accrued in our quarterly financial statements but were ultimately not paid, as reflected in our financial statements for the year ended December 31, 2018. We believe that the forfeiture of such payments shows our commitment to a pay for performance philosophy and our desire to align our executive officers’ interests with those of our shareholders.

Compensation Program Objectives

Our future success and the ability to create long-term value for our shareholders depend on our ability to attract, retain and motivate highly qualified individuals in the oil and natural gas industry. In furtherance of these goals, our executive compensation program is designed to meet the following key objectives:

- to be **fair** to both the executive and the Company and be **competitive** with comparable positions at companies in our peer group;
- to **attract and retain talented and experienced** executives in light of the intense competition for talent in our industry and areas of operation, including from peers and larger industry competitors;
- to **align** the interests of our executives with the interests of our shareholders and with the **performance** of our Company for long-term value creation;
- to provide financial incentives to our executives to **achieve** our key corporate and individual objectives with an **appropriate mix of fixed and variable pay**;
- to foster a **shared commitment** among executives by coordinating their corporate and individual goals; and
- to provide compensation that takes into consideration the education, professional experience, knowledge, **commitment and dedication** that is specific to each job and the **unique qualities** the executive possesses.

2018 Say-On-Pay Vote, Investor Outreach and 2019 Compensation Changes

As noted above, the Compensation Committee and management undertook an extensive review of the Company’s executive compensation program with input from our independent compensation consultant, Meridian Compensation Partners, LLC (“Meridian”). We held one-on-one meetings with shareholders representing approximately 50% of our outstanding stock (excluding stock held by our directors and officers). Among the feedback we received, shareholders expressed concern over alignment of executive compensation with the Company’s long-term performance, the lack of performance-based equity compensation for executives and the use of discretionary bonuses and fully vested equity awards.

Our Compensation Committee and Independent Board considered this feedback, as well as other input received as part of the shareholder outreach efforts, when implementing the following changes to our executive compensation program, many of which will take full effect with our 2019 compensation program year.

No Marlan bonuses were awarded to executive officers in 2018 following our 2018 Annual Meeting. Marlan bonuses for executive officers totaling \$1.2 million that had been accrued in our quarterly financial statements, but ultimately were not paid, were forfeited by the executive officers. No fully-vested equity awards were granted to executive officers.

Consistent with shareholder feedback, we do intend to continue awarding non-executive employees with Marlan awards to further incentivize the performance of our staff. We adopted a new Annual Cash Incentive Plan (the “2019 Incentive Plan”) that provides that the Compensation Committee and Independent Board may make adjustments for individual executive officers for exceptional performance and attainment of certain strategic goals. For the 2019 short-term incentive program, our Independent Board capped this adjustment for each executive officer. No fully-vested equity awards have been granted to executive officers, and the Board has determined to cease its practice of granting fully-vested equity awards to executive officers.

Compensation Program Best Practices

What We Do:	What We Don't Do:
✓ We pay for performance—approximately 85% of our CEO’s total direct compensation for 2018 was variable and at risk	× We prohibit hedging of Company stock
✓ We maintain robust stock ownership guidelines for officers	× We do not gross-up excise taxes for severance or change in control payments
✓ We engage an independent compensation consultant	× We do not guarantee bonuses
✓ We utilize competitive benchmarking in setting compensation	× We do not reprice stock options without shareholder approval
✓ We conduct annual risk assessments of compensation practices	× We have no defined benefit or supplemental executive retirement plans
✓ We conduct shareholder engagement to gather feedback on compensation practices	× We discourage and limit pledging of Company stock

Elements of 2018 Compensation Program

Our executive compensation program places a considerable amount of an executive’s compensation at risk in the form of incentive or equity-based compensation, which can be variable from year to year. We also seek to provide

an appropriate balance between annual incentives and long-term incentives to ensure that each executive is motivated to consider longer-term Company performance in preference to short-term results.

For 2018, our management compensation program was comprised of the following primary elements. For additional information on changes to these program elements for 2019, see “—2018 Say-On-Pay Vote, Investor Outreach and 2019 Compensation Changes” above.

2018 Element	Key Features	Why We Paid This Element
<i>Base Salary</i>	Fixed level of cash compensation	<ul style="list-style-type: none"> Compensates each executive for his assigned responsibilities, experience, leadership and expected future contributions
<i>Annual Short-Term Incentive Payments</i>	Variable, annual, performance-based cash compensation	<ul style="list-style-type: none"> Focuses and motivates management to achieve key corporate and individual objectives Rewards achievements over the prior year
<i>Marlan Bonuses</i>	Discretionary cash or equity-based contemporaneous bonuses	<ul style="list-style-type: none"> Provides a contemporaneous reward for individual professional achievements that create value for the Company and its shareholders In response to feedback received from our shareholders, this element has been eliminated for executive officers
<i>Restricted Stock</i>	Approximately 67% of targeted total long-term equity award value; Vests ratably in annual installments over three years from grant date	<ul style="list-style-type: none"> Directly aligns executive and stockholder interests with significant portion of executive compensation in the form of Company stock Retains executives over vesting period This element has been replaced with cash settled RSUs for executive officers for 2019
<i>Stock Options</i>	Approximately 33% of targeted total long-term equity award value; Vests ratably in annual installments over three years from grant date; Exercise price equal to closing stock price on grant date	<ul style="list-style-type: none"> Aligns compensation with Company’s long-term performance as award only has value to the extent that our stock price increases from the grant date Retains executives over vesting period In response to feedback received from our shareholders, this element has been replaced with PSUs for executive officers for 2019
<i>Severance and Change of Control Benefits</i>	Specified severance pay and benefits are provided under each Named Executive Officer’s employment agreement in connection with termination events, including after a change in control	<ul style="list-style-type: none"> Provides an incentive for executives to remain with the Company despite the uncertainties of a potential or actual change in control Provides a measure of financial security in the event an executive’s employment is terminated without cause
<i>Other Benefits</i>	Broad-based 401(k) retirement, health and welfare benefits offered to all eligible employees	<ul style="list-style-type: none"> Provide market competitive benefits. Protect employees against catastrophic loss and encourage a healthy lifestyle

Consistent with our compensation program objectives, we provide our executive officers with a significant portion of their total target compensation opportunity in the form of variable, rather than fixed, compensation.

As noted above, the structure of executive long-term equity compensation transitioned in 2019 to 50% service-based restricted stock units and 50% performance stock units.

Role of the Independent Board, Compensation Committee and Management

The Compensation Committee annually evaluates each of the Company’s executive officers, including Mr. Foran, and recommends to the Independent Board the proposed compensation structure for each of the executives, including salary, bonus and equity and non-equity incentive compensation. Based on such recommendations, the Independent Board sets Mr. Foran’s compensation each year. Mr. Foran consults with and provides recommendations to the Compensation Committee and Independent Board regarding the compensation structure for each of the other Named Executive Officers. Based on the recommendations of the Compensation Committee and Mr. Foran, the Independent Board sets the other Named Executive Officers’ compensation each year. The members of the Independent Board are required to be independent pursuant to the listing standards of the NYSE and the rules and regulations promulgated by the SEC.

As part of their annual evaluations, the Compensation Committee:

- conducts an analysis of the Company’s annual performance relative to any performance criteria or targets established under incentive compensation plans and determines whether to recommend to the Independent Board the use of negative discretion in the determination of final incentive awards (to the extent negative discretion is provided for under the applicable annual performance plan, as described further under “—2018 Annual Incentive Compensation”);
- reviews and recommends the form of and number of shares to be awarded pursuant to long-term incentive compensation awards, including vesting terms, expiration dates of stock options and other material provisions of such awards;
- reviews and recommends any employment agreement, severance agreement, change in control agreement or provision or separation agreement or amendment thereof; and
- reviews and recommends any deferred compensation arrangement, retirement plan, other benefits and perquisites.

In addition, the Compensation Committee confirms at least annually that our compensation policies and practices do not encourage unnecessary risk taking and reviews the relationship between risk management, corporate strategy and executive compensation. The Compensation Committee considers, in establishing and reviewing our compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not and is not reasonably likely to have a material adverse effect on us. Several features of our program reflect sound risk management practices. Base salaries are fixed in amount and thus do not encourage risk taking. While annual executive short-term incentive payments are tied to management's achievements during the previous fiscal year, they also take into account multiple performance criteria based on the executive's individual performance and are within the discretion of the Independent Board. Thus, the Compensation Committee believes that our short-term incentive awards appropriately balance risk and the desire to focus executives on specific short-term goals important to the Company's success, and that they do not encourage unnecessary or excessive risk taking. In addition, the Compensation Committee believes that our equity compensation program provides an appropriate balance between the goals of increasing the price of our Common Stock and avoiding potential risks that could threaten our growth and stability due to the fact that the 2018 stock options and service-based restricted stock vest over three years. Furthermore, the Compensation Committee and Independent Board added PSUs to the equity compensation program for 2019 to further align our executives' interests with the interests of our shareholders.

In addition, pursuant to its charter, the Compensation Committee reviews and recommends to the Independent Board any proposals for the adoption, amendment, modification or termination of our incentive compensation, equity-based plans and non-equity based plans.

Role of the Independent Compensation Consultant

The Compensation Committee has engaged Meridian as its independent executive compensation advisory firm. Meridian provides assessments of the competitiveness of the Company's executive compensation levels and practices relative to relevant executive labor markets and performs other tasks as requested by the Compensation Committee. For 2018, the Compensation Committee assessed the independence of Meridian pursuant to applicable SEC and NYSE rules and concluded that Meridian's engagement by the Compensation Committee did not raise any conflicts of interest.

Use of Peer Group Market Data

Our independent compensation consultant benchmarks the pay levels of our officers against a group of competitor companies in the oil and natural gas exploration and production sector (the "Peer Group"). In connection with its annual review, the Compensation Committee and Independent Board adopted the following new Peer Group in 2018, which was used in setting 2018 compensation levels:

Callon Petroleum Company	Laredo Petroleum, Inc.
Centennial Resource Development, Inc.	Parsley Energy, Inc.
Cimarex Energy Co.	QEP Resources, Inc.
Diamondback Energy, Inc.	SM Energy Company
Energen Corporation	WPX Energy, Inc.
Jagged Peak Energy Inc.	

In addition to considering companies in the oil and natural gas exploration and production sector, the Committee also considered company size characteristics such as assets, enterprise value and market value when approving the Peer Group. As of December 31, 2018, the Peer Group had a median market capitalization of \$2.5 billion, compared to the Company's market capitalization of \$1.8 billion at such date, placing the Company at the 40th percentile of the Peer Group. The Peer Group also includes certain companies with operations in the Permian Basin that face similar opportunities and challenges that we face. The Peer Group is used by the Compensation Committee and the Independent Board in setting Named Executive Officer salaries, annual short-term incentive award opportunities, long-term incentive awards and target total direct compensation levels. The Compensation

Committee and Independent Board use this data to inform their pay decisions as one data point among many others, including Company performance, individual performance, experience and responsibilities, leadership and professional growth.

2018 Base Salaries

In late 2017, based on the recommendations of Mr. Foran (other than with regard to his base salary), the Compensation Committee recommended and the Independent Board approved the following 2018 base salaries for our Named Executive Officers. The Independent Board determined raises for each Named Executive Officer were warranted based upon each Named Executive Officer's individual contributions to, among other items:

- the Company's record oil, natural gas and average daily oil equivalent production for 2017;
- the significant additions to the Company's Delaware Basin acreage position throughout 2017;
- the Company's continued improvement in operational efficiencies throughout 2017;
- the significant growth of our midstream business in 2017;
- the Company's record reserves for 2017; and
- the accomplishment of key corporate and individual objectives, including:
 - the formation of the San Mateo midstream joint venture in February 2017; and
 - the completion of a public offering of our common stock resulting in \$208.7 million of proceeds (before expenses).

Executive Officer	2017 Base Salary	2018 Base Salary
Joseph Wm. Foran Chairman of the Board and Chief Executive Officer	\$1,000,000	\$1,100,000
Matthew V. Hairford President	\$ 600,000	\$ 660,000

2018 Annual Incentive Compensation

For 2018, the Company maintained the Amended and Restated Matador Resources Company Annual Incentive Plan for Management and Key Employees, effective January 1, 2016 (the "Incentive Plan"). The Incentive Plan is designed to link executive decision making and performance with the Company's goals, reinforce these goals and ensure the highest level of accountability for the success of the Company as a whole.

The Incentive Plan advances Company and shareholder interests by providing an additional means to (i) sustain and enhance the culture of personal commitment on the part of executives, select managers and key employees in the continued growth, development and financial success of the Company and (ii) encourage them to remain with, and devote their best efforts to, the Company. The Incentive Plan provides for the granting of awards of incentive compensation that may be paid to a participant upon satisfaction of specified performance goals for a particular performance period.

The Incentive Plan was also originally designed in a manner such that awards were intended to satisfy the requirements of “qualified performance based compensation” within the meaning of Section 162(m) of the Code so that the Company could take federal income tax deductions for any “qualified performance-based compensation” paid under the Incentive Plan to certain individuals who are covered by the deduction limitations of Section 162(m) of the Code for annual compensation paid to such individuals in excess of \$1.0 million. For taxable years beginning after December 31, 2017, this “qualified performance based compensation” exemption has been repealed for all but certain grandfathered compensation arrangements that were in effect as of November 2, 2017. Our 2018 annual short-term incentive payments are not grandfathered arrangements and will be subject to the deduction limits of Section 162(m) of the Code. However, we elected to continue our use of the Incentive Plan for 2018 as we felt that the plan fit well within our “pay for performance” philosophy and would drive our executives to achieve our short-term and long-term performance objectives. Effective as of January 1, 2019, we adopted the 2019 Incentive Plan, which we intend to use for annual short-term incentive awards in 2019 and future years. Although the Independent Board has implemented an annual performance period with performance goals under the 2019 Incentive Plan that are similar to the supplemental goals that have historically applied under the Incentive Plan, the 2019 Incentive Plan does not include the overall Adjusted EBITDA Pool Goal discussed below.

The Incentive Plan establishes a performance goal for all participants with the creation of a performance pool, which is equal to 3.5% of Adjusted EBITDA; provided that Adjusted EBITDA equals or exceeds \$50.0 million (the “Adjusted EBITDA Pool Goal”). For these purposes, Adjusted EBITDA is defined as earnings before interest expense, income taxes, depletion, depreciation and amortization, accretion of asset-retirement obligations, property impairments, unrealized derivative gains and losses, certain other non-cash items and non-cash stock-based compensation expense and net gain or loss on asset sales and inventory impairment and prepayment premium on extinguishment of debt, of the Company and its subsidiaries, determined on a consolidated income basis. If the Adjusted EBITDA Pool Goal is reached or exceeded, the Incentive Plan provides that the maximum amount that would be payable to each participant is according to the allocation formula set forth in the table below. The Independent Board, upon the recommendation of the Compensation Committee, may use negative discretion to reduce the amount paid to a participant below the maximum amounts shown in the table.

Participant	Percentage of Performance Pool (Maximum)
Joseph Wm. Foran	30.0%
Matthew V. Hairford	17.5%
David E. Lancaster	17.5%
Craig N. Adams	17.5%
Billy E. Goodwin	17.5%
Total	100.0%

EXECUTIVE COMPENSATION

In the Independent Board's discretion, supplemental performance goals (the "Performance Goals"), in addition to the Adjusted EBITDA Pool Goal set forth above, may be established by the Independent Board for each year. Such Performance Goals can be used by the Independent Board in determining the award payable to a participant, but in no event may the Independent Board increase the amount of an award payable to a participant above the maximum award payable set out in the table above. For 2018, the Chair of the Compensation Committee met with Meridian and management to determine potential criteria for the Performance Goals. Based on these meetings, the Chair of the Compensation Committee proposed certain preliminary performance criteria categories for consideration as the Performance Goals for 2018. The Compensation Committee then met with Meridian and management to review the proposed criteria. As a result of these meetings, the Compensation Committee recommended and the Independent Board determined to use the following performance categories and threshold, target and maximum levels for the Performance Goals for 2018 in determining whether to exercise negative discretion in reducing the amount paid to a participant below the maximum pool amounts described above:

2018 Performance Goals	Threshold	Target	Maximum	Actual Results	Actual Results as Percent of Target
Oil production (millions of Bbl)	9.7	9.9	10.1	11.1	112%
Total production (millions of BOE)	16.5	16.9	17.3	19.0	112%
Acreage acquisition (net acres) ⁽¹⁾	5,000	10,000	15,000	30,000	300%
Return on average capital employed (ROACE) ⁽²⁾	20.2%	20.8%	21.2%	23%	109%
Q4 2018 San Mateo Adjusted EBITDA (millions of \$) ⁽³⁾	\$19.0	\$22.0	\$25.0	\$19.7	90%
Adjusted EBITDA (millions of \$) ⁽³⁾⁽⁴⁾	\$425	\$440	\$455	\$553.2	126%
Total 2018 shareholder return vs. Peer Group	Upper 50%	Upper 35%	Upper 25%	Bottom 25%	N/A

(1) Net acres added in the Delaware Basin after accounting for expirations and dispositions in 2017.

(2) ROACE is a non-GAAP financial measure included herein solely as a reference point under the Incentive Plan. It is commonly used by similar companies in our industry. The Compensation Committee and the Independent Board believe ROACE is an appropriate Performance Goal because it allows them to evaluate our return on capital and compare our profitability and the efficiency with which we have employed capital over time relative to other companies. For a definition of ROACE and a reconciliation of ROACE to our net income (loss), see Annex A to this Proxy Statement.

(3) Adjusted EBITDA is a non-GAAP financial measure included herein solely as a reference point under the Incentive Plan. It is commonly used by similar companies in our industry. The Compensation Committee and the Independent Board believe Adjusted EBITDA is an appropriate Performance Goal because it allows them to evaluate our operating performance and compare the results of operations from period to period without regard to our financing methods or capital structure. For a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to our net income (loss) and net cash provided by operating activities, see Annex A to this Proxy Statement.

(4) Attributable to Matador Resources Company shareholders.

In making recommendations regarding the potential payment guidelines under the 2018 Performance Goals, the Compensation Committee reviewed Meridian's recommendations and recommendations of management regarding target payment guidelines. Based on such review, which took into account the differing responsibilities of each Named Executive Officer, the target payment guidelines set forth below were adopted, which remain unchanged from 2017.

Participant	Target Annual Incentive Opportunity as % of 2018 Base Salary
Joseph Wm. Foran	110.0%
Matthew V. Hairford	90.0%
David E. Lancaster	85.0%
Craig N. Adams	80.0%
Billy E. Goodwin	75.0%

Pursuant to the Incentive Plan, the amount of any annual award could be greater or less than the annual incentive opportunity outlined above based on achievement of the Performance Goals; provided, however, that no award could exceed the maximum payable under the Incentive Plan, as determined based upon achievement of the Adjusted EBITDA Pool Goal.

In February 2019, the Compensation Committee and the Independent Board concluded that the Company had achieved Adjusted EBITDA of \$553.2 million for 2018, which is in excess of the \$50.0 million Adjusted EBITDA Pool Goal. Adjusted EBITDA is a non-GAAP financial measure included herein solely as a reference point under the Incentive Plan. For a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to our net income (loss) and net cash provided by operating activities, see [Annex A](#) to this Proxy Statement.

The Compensation Committee then assessed the Company's 2018 results in light of the Performance Goals and the following individual performance milestones for each Named Executive Officer when determining appropriate adjustments to short-term incentive award amounts:

EXECUTIVE COMPENSATION

The Compensation Committee also reviewed with Mr. Foran the individual performance of the other Named Executive Officers to make a determination as to whether any individual Named Executive Officer merited a short-term incentive payment above or below the payout level determined for the Named Executive Officers generally. The Compensation Committee took into consideration the individual performance milestones listed above as well as additional contributions to the achievement of Company-wide goals. Based on this review, the Compensation Committee determined that each of the Named Executive Officers performed at a high level contributing to the Company's success. In addition, the Compensation Committee determined that Mr. Goodwin merited a payout at a greater level. Mr. Goodwin was recognized for his leadership role in the Company's drilling and completions programs, including the implementation of the Company's MaxCom program, which allows for real-time monitoring of the Company's drilling and completion operations and contributed to reduced drilling times and increased well productivity in 2018. In light of these significant achievements, Mr. Goodwin's short-term incentive payout level was set at 195% of his target award under the Incentive Plan.

Based on such assessment, the Compensation Committee recommended to the Independent Board the annual cash awards listed below for each Named Executive Officer under the Incentive Plan. The Independent Board approved such annual cash awards, which were paid to the Named Executive Officers in the first quarter of 2019.

Executive Officer	Percentage of Performance Pool (Maximum)	Maximum Award Payable under Incentive Plan	Target Award Payable under Incentive Plan	2018 Incentive Plan Actual Award	Actual Award as % of Target Award
Joseph Wm. Foran	30.0%	\$5,808,842	\$1,210,000	\$1,936,000	160%
Matthew V. Hairford	17.5%	\$3,388,491	\$ 594,000	\$ 900,400	152%
David E. Lancaster	17.5%	\$3,388,491	\$ 531,250	\$ 850,000	160%
Craig N. Adams	17.5%	\$3,388,491	\$ 480,000	\$ 790,000	165%
Billy E. Goodwin	17.5%	\$3,388,491	\$ 431,250	\$ 840,000	195%

Marlan Bonuses

The Independent Board has discretionary authority under the 2012 Plan (as defined below) to reward executives for particular accomplishments at times and in amounts that the Independent Board approves, upon the recommendation of the Compensation Committee. In the first quarter of 2018, prior to our 2018 Annual Meeting, the Compensation Committee recommended, and the Independent Board approved and paid, discretionary cash Marlan bonuses to certain of our Named Executive Officers in recognition of their particular roles in the formation of the strategic relationship between a subsidiary of San Mateo and a subsidiary of Plains to gather and transport crude oil for upstream producers in and around the Rustler Breaks asset area in Eddy County, New Mexico (in the amounts of \$300,000, \$100,000, \$100,000, \$100,000 and \$50,000, respectively, for each of Messrs. Foran, Hairford, Lancaster, Adams and Goodwin). These bonuses are reflected in the "Bonus" column of the Summary Compensation Table below. As discussed above, the Compensation Committee and Independent Board determined to discontinue Marlan bonuses for executive officers following the 2018 Annual Meeting. As a result, additional Marlan bonuses for executive officers totaling \$1.2 million that had been accrued in our quarterly financial statements were not paid and were forfeited by the executive officers. Consistent with shareholder feedback, we do intend to continue awarding non-executive employees with Marlan awards to further incentivize the performance of our staff.

2018 Long-Term Incentive Compensation

The Board maintains the Matador Resources Company Amended and Restated 2012 Long-Term Incentive Plan (the “2012 Plan”). In February 2018, after consulting with Meridian and management, the Compensation Committee recommended, and the Independent Board awarded, annual equity awards of non-qualified stock options and restricted stock under the 2012 Plan to each Named Executive Officer. The stock options and restricted stock were granted in order to facilitate retention of our Named Executive Officers, incentivize positive future results and further align the interests of our Named Executive Officers with those of the Company’s shareholders. The table below provides the key terms of the February 2018 equity awards.

Key Terms	Restricted Stock	Non-Qualified Stock Options
Targeted percentage of total award value	67%	33%
Vesting terms	Three years ratably on each anniversary	Three years ratably on each anniversary
Exercise price	—	\$29.68 (closing price on grant date)
Term of option	—	Six years
Rights to receive dividends and vote	Yes	No

The number of shares underlying each grant and the grant date fair value of the 2018 annual equity grants are set forth in the table below.

Participant	Stock Options	Restricted Stock	Grant Date Fair Value

Billy E. Goodwin Executive Vice President and Head of Operations	39,556	33,692	\$1,499,967

As discussed above under “2018 Say-On-Pay Vote, Investor Outreach and 2019 Compensation Changes,” the Company has revised its long-term equity incentive program for 2019.

2019 Annual Incentive Compensation

As discussed above, we adopted the 2019 Incentive Plan effective as of January 1, 2019. We intend to use the 2019 Incentive Plan for annual short-term incentive awards in 2019 and future years. Although the Independent Board has implemented an annual performance period with performance goals under the 2019 Incentive Plan that are similar to the supplemental goals that have historically applied under the Incentive Plan, the 2019 Incentive Plan does not include the overall Adjusted EBITDA Pool Goal that was in place under the Incentive Plan. The 2019 Incentive Plan, among other items, also provides that the Compensation Committee and Independent Board may make adjustments for individual executive officers for exceptional performance and attainment of certain strategic goals. In implementing the short-term incentive program for 2019 under the 2019 Incentive Plan, our Independent Board capped this adjustment for each executive officer.

For 2019, the Chair of the Compensation Committee met with Meridian and management to determine potential performance goal categories for 2019. Based on these meetings, the Chair of the Compensation Committee proposed certain preliminary performance goal categories for consideration. The Compensation Committee then met with Meridian and management to review the proposed categories. As a result of these meetings, the Compensation Committee recommended and the Independent Board determined to use the following performance categories for the 2019 performance goals under the 2019 Incentive Plan:

2019 Performance Goal Categories

Oil production
Return on Average Capital Employed (ROACE)
San Mateo Adjusted EBITDA
Net Debt/Adjusted EBITDA
Total 2019 shareholder return vs. peer group
Cash operating costs per BOE, excluding interest

2019 Long-Term Incentive Compensation

For 2019, we transitioned from a long-term incentive mix for executive officers of 67% service-based restricted stock and 33% stock options to 50% service-based restricted stock units, settling in cash, and 50% PSUs, commencing with grants made in February 2019.

The table below provides the key terms of the February 2019 equity awards.

Key Terms	Restricted Stock Units	Performance Stock Units
Targeted percentage of total award value	50%	50%
Vesting terms	Three years ratably on each anniversary	Following three-year performance period ending December 31, 2021
Rights to receive dividends and vote	No	No

The newly introduced PSU equity component provides for settlement of between 0% and 200% of the total target shares subject to the award based on achievement of a relative total shareholder return performance metric over a three-year performance period from January 1, 2019 through December 31, 2021. If our total shareholder return over such performance period is negative, no more than 100% of the PSUs may vest. The applicable percentage of vested units is shown below with respect to each possible percentile ranking.

Company's Relative Total Shareholder Return Percentile Ranking	Percentage of Target Units That Will Vest
0	0%
10 th	20%
20 th	40%
30 th	60%
40 th	80%
50 th	100%
60 th	120%
70 th	140%
80 th	160%
90 th	180%
100 th	200%

The peer group used for determination of the Company's relative total shareholder return is as follows:

Benefits

We offer a variety of health and welfare programs to eligible employees, including the Named Executive Officers. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. Our health and welfare programs include medical, pharmacy, dental, disability and life insurance. We also have a 401(k) plan for eligible employees, including the Named Executive Officers, to which we contribute 3% of the employee's eligible compensation, which is subject to limits established by the Code, and have the discretion to contribute up to an additional 4% of the employee's eligible compensation as a dollar-for-dollar matching contribution with respect to his or her elective deferral contributions. The discretionary dollar-for-dollar match is subject to vesting based upon years of service to the Company and the limits on the compensation that may be considered under the Code. In addition, we provide long-term care insurance for certain of our executive officers.

Severance and Separation Arrangements

Employment Agreements

We have entered into employment agreements with each of our Named Executive Officers. Under the employment agreements, if a termination of employment occurs pursuant to one of the following events:

- the Named Executive Officer dies;
- the Named Executive Officer is totally disabled;
- we mutually agree to end the employment agreement;
- we dissolve and liquidate; or
- the term of the employment agreement ends,

we will pay the Named Executive Officer the average of his annual bonus, which includes non-equity incentive compensation, for the prior two years pro-rated based on the number of complete or partial months completed during the year of termination.

Also, under the employment agreements, if one of the following occurs:

- the Named Executive Officer's employment is terminated other than (i) as set forth above, (ii) by us for just cause or (iii) in connection with a "change in control" as described below; or
- the Named Executive Officer terminates his employment for "good reason,"

if the Named Executive Officer is Mr. Foran, we will pay him twice his base salary and twice the average of his annual bonus for the prior two years; if the Named Executive Officer is Messrs. Hairford, Lancaster, Adams or Goodwin, we will pay him 1.5 times his base salary and 1.5 times the average of his annual bonus for the prior two years.

Finally, under the employment agreements of Messrs. Foran, Hairford and Lancaster, which were entered into in 2011 in connection with our initial public offering, if we terminate the Named Executive Officer within 30 days prior to the "change in control" or within 12 months after the "change in control" without just cause or the Named Executive Officer terminates his employment with or without "good reason" during such period, we will pay him three times his base salary and three times the average of his annual bonus for the prior two years. These agreements were entered into prior to our initial public offering. At that time, we believed a "modified single trigger" was appropriate given the Company's size, early stage of development and strong growth aspirations. Since that time, however, we have ceased to use "modified single triggers" in executive employment agreements, and we intend to exclusively use "double triggers" going forward, as we have since 2014. The agreement entered into with Mr. Adams in March 2014 and the agreement entered into with Mr. Goodwin effective February 2016 each include a "double trigger" such that if we terminate either executive within 30 days prior to the "change in control" or within 12 months after the "change in control" without just cause or he terminates his employment with "good reason," we will pay Mr. Adams or Mr. Goodwin three times his base salary and three times the average of his annual bonus for the prior two years. In addition, if any of our Named Executive Officers are terminated or terminate their employment as set forth above in connection with a "change in control," all equity awards of such Named Executive Officer vest immediately prior to such termination.

For definitions of "change in control," "good reason" and "just cause," please see the employment agreement of each Named Executive Officer, each of which is included as an exhibit to the Company's most recent Annual Report on Form 10-K.

Equity Plans

For equity grants under the 2012 Plan, vesting upon a "change in control" for the Named Executive Officers mirrors the terms of their employment agreements.

The "change in control" provisions in the employment agreements and the equity grants under the 2012 Plan and its predecessor help prevent management from being distracted by rumored or actual changes in control. The "change in control" provisions provide:

- incentives for those Named Executive Officers to remain with us despite the uncertainties of a potential or actual change in control;
- assurance of severance payments for terminated Named Executive Officers; and
- access to equity compensation after a change in control.

Stock Ownership Guidelines

We have adopted stock ownership guidelines for the following officers in the following designated amounts:

- Chairman and Chief Executive Officer—shares equal to five times base salary;
- President—shares equal to five times base salary;
- Executive Vice Presidents—shares equal to two and 1/2 times base salary;

- Senior Vice Presidents—shares equal to two times base salary; and
- Vice Presidents and Executive Directors—shares equal to one and 1/2 times base salary.

Newly appointed officers have until the fifth anniversary of his or her appointment as an officer of the Company within which to achieve the stock ownership position. Shares that count toward the stock ownership guidelines include time-based restricted shares. Shares that will not count toward the stock ownership guidelines include shares underlying unexercised stock options, unexercised stock appreciation rights and performance-based awards for which the performance requirements have not been satisfied.

Until each of the above officers reaches the stock ownership level required of his or her position, such officer must hold at least 50% of all “net shares” received through restricted stock or restricted stock unit vesting or realized through stock option exercises. For this purpose, “net shares” means all shares retained after applicable withholding of any shares for tax purposes. Additionally, upon the vesting of restricted stock or restricted stock units or the exercise of stock options, each officer must hold the net shares for a minimum of 12 months following such vesting or exercise, or until his earlier retirement. Messrs. Foran, Hairford, Lancaster, Adams and Goodwin each own shares in excess of the applicable minimum requirement set forth in the stock ownership guidelines. As of April 12, 2019, Mr. Foran held shares with a value equal to approximately 90 times his 2018 base salary.

Anti-Hedging and Anti-Pledging Policies

Pursuant to the Company’s insider trading policy, the Company prohibits hedging of its securities by directors, officers or employees. The insider trading policy also restricts directors and executive officers from pledging more than 25% of his or her holdings of the Company’s stock without the prior written consent of the Corporate Governance Committee.

Strategic Planning and Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Potential Payments upon Termination or Change in Control

2012 Plan

Equity awards under the 2012 Plan vest upon a “change in control” for the Named Executive Officers according to the terms of their employment agreements described below.

Employment Agreements

As described under “—Compensation Discussion and Analysis—Severance and Separation Arrangements—Employment Agreements,” in contemplation of our initial public offering, on August 9, 2011, we entered into employment agreements with Messrs. Foran, Hairford and Lancaster. In addition, in March 2014, we entered into an employment agreement with Mr. Adams, and effective February 2016, we entered into an employment agreement with Mr. Goodwin. We amended Mr. Goodwin’s employment agreement in August 2018. The principal difference in Mr. Adams’ and Mr. Goodwin’s employment agreements as compared to the employment agreement of Messrs. Foran, Hairford and Lancaster is that Mr. Adams’ and Mr. Goodwin’s agreements do not include a “modified single trigger” that would have allowed them to receive “change in control” severance if they terminated their agreements without “good reason” within 30 days prior to or 12 months after a change in control. Pursuant to the terms of the employment agreements, we may be required to make certain payments to one or more of our Named Executive Officers upon the occurrence of certain events resulting in such Named Executive Officer’s termination. The employment agreements do not provide for gross-ups for excise taxes on severance or other payments in connection with a change in control. For a detailed description of the events that may trigger such payments, see “—Compensation Discussion and Analysis—Severance and Separation Arrangements—Employment Agreements.”

The employment agreements each contain a non-disclosure of confidential information provision that requires each Named Executive Officer to maintain, both during and after employment, the confidentiality of information used by such Named Executive Officer in the performance of his job duties.

Additionally, each of the employment agreements contains a non-competition provision, pursuant to which Messrs. Foran, Hairford, Lancaster, Adams and Goodwin have agreed that: (i) for six months following termination by us for total disability, or by such Named Executive Officer for good reason, or (ii) for 12 months, or 24 months with respect to Mr. Goodwin, following termination (a) by us for just cause, (b) by such Named Executive Officer other than for good reason or (c) in connection with a change in control, such Named Executive Officer shall not, without our prior written consent (not to be unreasonably withheld if the Named Executive Officer’s employment is terminated by the Named Executive Officer other than for good reason), directly or

indirectly: (x) invest in (other than investments in publicly-owned companies which constitute not more than 1% of the voting securities of any such company) a competing business with significant assets in the restricted area (each as defined below), or (y) participate in a competing business as a manager, employee, director, officer, consultant, independent contractor or other capacity or otherwise provide, directly or indirectly, services or assistance to a competing business in a position that involves input into or direction of such competing business's decisions within the restricted area.

For purposes of the employment agreements:

- “competing business” means any person or entity engaged in oil and natural gas exploration, development, production and acquisition activities;
- “significant assets” means oil and natural gas reserves with an aggregate fair market value of \$25 million or more; and
- “restricted area” means a one-mile radius of any oil and natural gas reserves held by us as of the end of the Named Executive Officer's employment, plus any county or parish where we have significant assets as of the end of the Named Executive Officer's employment.

For definitions of “change in control,” “good reason” and “just cause,” please see the employment agreement of each Named Executive Officer, each of which is included as an exhibit to the Company's most recent Annual Report on Form 10-K.

Furthermore, other than Mr. Foran's employment agreement, each employment agreement contains a non-solicitation provision, pursuant to which, during the restricted periods described above, subject to certain exceptions, Messrs. Hairford, Lancaster, Adams and Goodwin shall not, without our prior written consent, solicit for employment or a contracting relationship, or employ or retain any person who is or has been, within six months prior to such time, employed by or engaged as an individual independent contractor by us or our affiliates or induce or attempt to induce any such person to leave his or her employment or independent contractor relationship with us or our affiliates.

For the Named Executive Officer to receive any severance payments described below for termination by us without just cause, by the Named Executive Officer for good reason or, following a change in control, by us without cause or by the Named Executive Officer with good reason, with respect to Mr. Adams and Mr. Goodwin, or with or without good reason, with respect to Messrs. Foran, Hairford and Lancaster, the Named Executive Officer must comply with the applicable non-disclosure, non-competition and non-solicitation provisions described above.

Finally, as a condition to receiving any severance payments and other payments under their respective employment agreements, each Named Executive Officer is required to execute a separation agreement and release in favor of us.

EXECUTIVE COMPENSATION

To describe the payments and benefits that are triggered for each event of termination, we have created the following table estimating the payments and benefits that would be paid to each Named Executive Officer under each element of our compensation program assuming that such Named Executive Officer's employment agreement terminated on December 31, 2018, the last day of our 2018 fiscal year. In all cases, the amounts were valued as of December 31, 2018, based upon, where applicable, \$15.53 per share (the closing price of our Common Stock on such date). The amounts in the table below are calculated as of December 31, 2018 pursuant to SEC rules and are not intended to reflect actual payments that may be made. Actual payments that may be made would be based on the dates and circumstances of the applicable event.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K (“Item 402(u)”), we are providing the following information regarding the ratio of the annual total compensation of our median-compensated employee (as described below) and that of our Chairman and Chief Executive Officer, Joseph Wm. Foran. We believe that the pay ratio reflected below is a reasonable estimate calculated in a manner consistent with Item 402(u).

The SEC’s rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported below, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Pursuant to Item 402(u), we identified the median-compensated employee of all our employees (other than Mr. Foran) using our employee population as of December 15, 2018, which consisted of 259 employees (all of which are located in the United States), and using a compensation measure of total cash compensation, consisting of total base pay and bonuses earned during the year ended December 31, 2018. The compensation measure was consistently applied to all employees. Compensation was annualized on a straight-line basis for employees who did not work all of 2018.

After identifying the median-compensated employee using the consistently applied compensation measure, we then calculated that employee’s annual total compensation in the same manner as the Named Executive Officers’ total compensation, as reported in the Summary Compensation Table. In performing such calculation, we determined that the selected employee’s annual total compensation was anomalous because the employee began working for the Company in November 2018 and did not receive an award of equity in 2018, although such awards are widely distributed throughout the Company. As permitted by Item 402(u), due to the anomalous nature of the employee originally identified, we substituted another employee with substantially similar compensation. We then calculated that employee’s annual total compensation in the same manner as the Named Executive Officers’ total compensation.

For 2018, the annual total compensation of our median-compensated employee was \$178,116, and the annual total compensation of Mr. Foran was \$7,359,320, as reported in the Summary Compensation Table. Based on this information, for 2018, the ratio of Mr. Foran’s annual total compensation to the annual total compensation of our median-compensated employee was estimated to be 41 to 1.

See “—Compensation for 2018-2019.” As of December 31, 2018, each individual who served as a director during 2018 held the following outstanding unvested stock awards, all of which were restricted stock units:

- (2) Mr. Baribault serves as lead independent director for 2018-2019. The lead independent director receives an additional cash retainer of \$100,000 annually.
- (3) Mr. Clifton was appointed to the Board on July 27, 2018. Because he was appointed to the Board within 90 days after the 2018 Annual Meeting, upon his appointment, Mr. Clifton was granted 5,210 restricted stock units, the same number of restricted stock units that the other members of the Board received on June 7, 2018. The difference in value shown in the table is attributable to the difference in the fair market value of the restricted stock units on the respective dates of grant.
- (4) Dr. Ohnimus resigned from the Board concurrently with the 2018 Annual Meeting due to health reasons. In connection with his resignation, the Board accelerated the vesting of Dr. Ohnimus' then-outstanding unvested restricted stock units.
- (5) Mr. Parker was appointed to the Board on January 26, 2018. Because he was appointed to the Board more than 180 days but 270 or fewer days after our 2017 annual meeting of shareholders (the “2017 Annual Meeting”), Mr. Parker was granted 2,962 restricted stock units following his appointment, 50% of the number of restricted stock units as the other members of the Board received following the 2017 Annual Meeting. Such restricted stock units vested immediately prior to the election of the nominees for director at the 2018 Annual Meeting. In connection with the 2018 Annual Meeting, Mr. Parker also received 5,210 restricted stock units.
- (6) Mr. Yates' term as a director expired at the 2018 Annual Meeting. In connection with the expiration of his term, the Board accelerated the vesting of Mr. Yates' then-outstanding unvested restricted stock units.

Compensation for 2018-2019

Beginning at the 2018 Annual Meeting and until the 2019 Annual Meeting, our non-employee directors' compensation program was adjusted as set forth below based on the increased size of the Company and the corresponding demands on directors' time:

- annual cash retainer of \$60,000;
- cash meeting fee of \$1,000 per day for each day of Board and committee service;
- the chair of the Audit Committee receives an additional cash retainer of \$25,000 annually and the chairs of the Corporate Governance Committee, the Nominating Committee, the Strategic Planning and Compensation Committee, the Capital Markets and Finance Committee, the Marketing and Midstream Committee, the Operations and Engineering Committee and the Prospect Committee each receive an additional cash retainer of \$15,000 annually;
- the lead independent director receives an additional cash retainer of \$100,000 annually; and
- at the meeting of the Board immediately following the 2018 Annual Meeting, each non-employee director received a one-time annual grant of RSUs equal to approximately \$135,000 in value with the restrictions lapsing immediately prior to the election of the nominees for director at the 2019 Annual Meeting (the "2018 RSU Award").

If a director was appointed or elected to the Board at any time following the 2018 Annual Meeting but prior to the 2019 Annual Meeting, such director was granted the applicable percentage of the 2018 RSU Award detailed below, effective on the date of such director's appointment: (i) if a director was appointed or elected to the Board within 90 days after the 2018 Annual Meeting, such director was entitled to receive 100% of the 2018 RSU Award; (ii) if a director was appointed or elected to the Board more than 90 days but 180 or fewer days after the 2018 Annual Meeting, such director was entitled to receive 75% of the 2018 RSU Award; (iii) if a director was appointed or elected to the Board more than 180 days but 270 or fewer days after the 2018 Annual Meeting, such director was entitled to receive 50% of the 2018 RSU Award; and (iv) if a director was appointed or elected to the Board more than 270 days after the 2018 Annual Meeting but prior to the 2019 Annual Meeting, such director was entitled to receive 25% of the 2018 RSU award. As noted in the table above, Mr. Clifton was appointed to the Board within 90 days after the 2018 Annual Meeting and received 100% of the 2018 RSU Award.

In addition, we reimburse our directors for travel, lodging and related expenses incurred in attending Board and committee meetings.

Compensation for 2019-2020

Beginning at the 2019 Annual Meeting and until the 2020 annual meeting of shareholders, our non-employee directors' compensation program is expected to remain substantially identical to the 2018-2019 compensation program.

Director Ownership Guidelines

Our non-employee directors are expected to follow our voluntary stock ownership guidelines for non-employee directors. Within three years of becoming a director, each non-employee director is expected to own \$250,000 of Common Stock and continue to hold such shares while serving as a director. All directors own in excess of \$250,000 of Common Stock or are on track to meet the guidelines within three years of becoming a director. Shares that count toward the stock ownership guidelines include RSUs.

Board Advisor Compensation

Our advisors to the Board are compensated with stock and/or cash awards based upon meeting attendance or as otherwise agreed to pursuant to consulting arrangements with such advisors. We reimburse our advisors to the Board for travel, lodging and related expenses incurred in attending Board and committee meetings. The advisor compensation of Messrs. Rolfe and King is the same as for the non-employee directors as described above.

(2) The 2012 Plan was adopted by the Board in April 2015 and approved by our shareholders on June 10, 2015.

TRANSACTIONS WITH RELATED PERSONS

Except as disclosed below, during 2018 there was not, nor was there proposed as of December 31, 2018, any transaction or series of similar transactions to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described in “Executive Compensation—Compensation Discussion and Analysis” above.

HEYCO Joint Ventures

In June 2015, the Company entered into two joint ventures (the “Joint Ventures”) to develop certain leasehold interests held by certain affiliates (the “HEYCO Affiliates”) of HEYCO Energy Group, Inc., the former parent company of Harvey E. Yates Company. The Company acquired Harvey E. Yates Company in a 2015 merger (the “HEYCO Merger.”) The HEYCO Affiliates are owned by George M. Yates, who was appointed to the Board on April 28, 2015 in accordance with the terms of the HEYCO Merger, and certain of his affiliates. Mr. Yates’ term as a director expired at the 2018 Annual Meeting. Pursuant to the terms of the Joint Ventures, the HEYCO Affiliates contributed an aggregate of approximately 1,900 net acres, primarily in the same properties previously held by HEYCO, to the two newly-formed entities in exchange for a 50% interest in each entity. The Company agreed to contribute an aggregate of approximately \$14 million in exchange for the other 50% interest in both entities. As of December 31, 2018, the Company had contributed an aggregate of approximately \$9.4 million to the two entities. The Company’s contributions are being used to fund capital expenditures associated with the interests owned by the Joint Ventures as well as to fund acquisitions by the Joint Ventures of other non-operated acreage opportunities.

The Audit Committee reviewed the terms of the Joint Ventures for potential conflicts of interest under the Company’s related party transaction policy, effective October 12, 2011 (the “Related Party Transaction Policy”), and, after being fully informed as to Mr. Yates’ relationship and interest and all other material facts related to the Joint Ventures, determined that the Joint Ventures were fair to the Company and recommended the Joint Ventures to the full Board for approval and ratification. The Board subsequently approved and ratified the Joint Ventures.

In addition, in light of Mr. Yates’ ongoing services to HEYCO Energy Group, Inc., the Board, in accordance with Texas corporate law, adopted resolutions that renounced and provided for a waiver of certain corporate opportunities with respect to Mr. Yates. As a result, during his term on the Board, Mr. Yates had no fiduciary duty to present certain corporate opportunities related to Mr. Yates’ existing oil and natural gas holdings and/or in areas where Matador did not then operate.

Working Interest and Overriding Royalty Interest Owners

Certain related parties, including Mr. Foran, certain of Mr. Foran’s affiliated entities (collectively, the “Foran Entities”) and certain HEYCO Affiliates or entities controlled by members of Mr. Yates’ family (the “Yates Entities” and, collectively with the Foran Entities, the “Interest Owners”) are working interest owners and/or overriding royalty interest owners in certain properties operated by the Company or in which the Company also holds a working interest. As working interest owners, the Interest Owners are required to pay their proportionate share of all costs and are entitled to receive their proportionate share of revenues in the normal course of business. As overriding royalty interest owners, the Interest Owners are entitled to receive their proportionate share of revenues from the wells in which they own an interest in the normal course of business. During 2018, revenues, net of costs, received by the Yates Entities in their capacities as working interest owners or overriding royalty interest owners were approximately \$10.6 million (the “Yates Net Revenue Payments”). During 2018, revenues, net of costs, received by the Foran Entities in their capacity as working interest owners or overriding royalty interest owners were approximately \$1.7 million (collectively with the Yates Net Revenue Payments, the “Related Net Revenue Payments”). The Related Net Revenue Payments represent approximately 4.5% of our total third-party net revenue payments during 2018.

In our capacity as operator, we incur drilling and operating costs that are billed to our partners based on their respective working interests. During 2018, our joint interest billings to the Yates Entities attributable to their share of costs were approximately \$10.8 million (the “Yates Billings”) and our joint interest billings to the Foran Entities attributable to their share of costs were approximately \$0.4 million (collectively with the Yates Billings, the “Related Joint Interest Billings”). The Related Joint Interest Billings represent approximately 1.3% of our total joint interest billings during 2018. As a result of this ownership by the Interest Owners, from time to time, we will be in a net receivable or net payable position with certain of the Interest Owners. We do not consider any net receivables from these parties to be uncollectible.

The Audit Committee reviewed the terms of the working interests and/or overriding royalty interests of the Interest Owners for potential conflicts of interest under the Related Party Transaction Policy, and, after being fully informed as to Mr. Yates’ and Mr. Foran’s respective relationships and interests in such transactions and all other material facts related to the Related Net Revenue Payments and Related Joint Interest Billings, determined that such transactions and the Related Net Revenue Payments and Related Joint Interest Billings were fair to the Company and recommended such transactions and the Related Net Revenue Payments and Related Joint Interest Billings to the full Board for approval and ratification. The Board subsequently approved and ratified the transactions and the Related Net Revenue Payments and Related Joint Interest Billings.

Certain Employment Relationships

Billy E. Goodwin, Executive Vice President and Head of Operations, was appointed as an executive officer of the Company in connection with his February 2016 promotion to Senior Vice President—Operations. Two of Mr. Goodwin’s adult children have been employees of the Company since 2014 and 2015, respectively, and each earned in 2018, and are expected to be compensated in 2019, between \$120,000 and \$700,000. One of Mr. Goodwin’s children has a Bachelor of Science degree in Petroleum Engineering from the University of Tulsa and over nine years of industry experience, including as a regional drilling supervisor for another publicly traded exploration and production company. Mr. Goodwin’s other child has a Bachelor of Science in Business Administration degree in Energy Management from the University of Tulsa and a Bachelor of Arts degree in General Business and Management from Oklahoma State University. He also has over nine years of industry experience, including as a drilling fluids engineer for a publicly traded oilfield services company and as a landman for a publicly traded exploration and production company. The Audit Committee reviewed the terms of the employment arrangements for potential conflicts of interest under the Company’s Related Party Transaction Policy and, after being fully informed as to the employment arrangements and historical and anticipated compensation of Mr. Goodwin’s adult children, and all other material facts related to the relationship, determined that the employment arrangements were fair to the Company and recommended the employment arrangements to the full Board for approval and ratification. The Board subsequently approved and ratified such employment arrangements.

Reynald A. Baribault is a member of the Board. Mr. Baribault’s sister-in-law has been an employee of the Company since 2016 and earned in 2018, and is expected to be compensated in 2019, between \$120,000 and \$250,000. Mr. Baribault’s sister-in-law has a diploma from the Executive Secretarial School and is a certified legal assistant, having completed the Southern Methodist University Legal Assistants Program. She has over 37 years of experience as a legal assistant. The Audit Committee reviewed the terms of the employment arrangement for potential conflicts of interest under the Company’s Related Party Transaction Policy and, after being fully informed as to the employment arrangement and historical and anticipated compensation of Mr. Baribault’s sister-in-law, and all other material facts related to the relationship, determined that the employment arrangement was fair to the Company and recommended the employment arrangement to the full Board for approval and ratification. The Board subsequently approved and ratified such employment arrangement.

An adult child of Mr. Foran has been an employee of the Company since 2015 and earned in 2018, and is expected to be compensated in 2019, between \$120,000 and \$200,000. Mr. Foran’s child has a Bachelor of Science degree in Human Resource Development and a Master of Science degree in Human Resource Management, both from Texas A&M University. She has more than eight years of industry experience, including with another publicly traded exploration and production company. The Audit Committee reviewed the terms of the employment

arrangement for potential conflicts of interest under the Company's Related Party Transaction Policy and, after being fully informed as to the employment arrangement and historical and anticipated compensation of Mr. Foran's adult child, and all other material facts related to the relationship, determined that the employment arrangement was fair to the Company and recommended the employment arrangement to the full Board for approval and ratification. The Board subsequently approved and ratified such employment arrangement.

Procedures for Approval of Related Party Transactions

Pursuant to the Related Party Transaction Policy, a "Related Party Transaction" is defined as a transaction (including any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness)), or series of related transactions, or any material amendment to any such transaction, involving a Related Party (as defined below) and in which we are a participant, other than:

- a transaction involving compensation of directors;
- a transaction involving compensation of an executive officer or involving an employment agreement, severance agreement, change in control provision or agreement or a special supplemental benefit for an executive officer;
- a transaction available to all employees generally or to all salaried employees generally;
- a transaction with a Related Party involving less than \$120,000;
- a transaction in which the interest of the Related Party arises solely from the ownership of a class of our equity securities and all holders of that class receive the same benefit on a pro rata basis; or
- a transaction in which the rates or charges involved therein are determined by competitive bids, or a transaction that involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority.

"Related Party" means:

- any person who is, or at any time during the applicable period was, one of our executive officers or one of our directors or nominees for directors;
- any person who is known by us to be the beneficial owner of more than 5% of our Common Stock;
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, nominee for director, executive officer or a beneficial owner of more than 5% of our Common Stock; and
- any firm, corporation or other entity that is owned or controlled by any of the foregoing persons or in which any of the foregoing persons is a general partner or executive officer or in which such person, together with all other of the foregoing persons, owns 10% or more of the equity interests thereof.

Pursuant to the Related Party Transaction Policy, the Audit Committee must review all material facts of each Related Party Transaction and recommend either approval or disapproval of the Related Party Transaction to the full Board, subject to certain limited exceptions. In determining whether to recommend approval or disapproval of the Related Party Transaction, the Audit Committee must, after reviewing all material facts of the Related Party Transaction and the Related Party's relationship and interest, determine whether the Related Party Transaction is fair to the Company. Further, the policy requires that all Related Party Transactions be disclosed in our filings with the SEC and/or our website in accordance with applicable laws, rules and regulations.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table presents the beneficial ownership of our Common Stock as of April 12, 2019 for (i) each person beneficially owning more than 5% of the outstanding shares of our Common Stock, (ii) each director of the Company, (iii) each executive officer of the Company listed in the Summary Compensation Table and (iv) all of our directors and executive officers as a group. Except pursuant to applicable community property laws and except as otherwise indicated, each shareholder possesses sole voting and investment power with respect to its, his or her shares. ANNEX A

Non-GAAP Financial Measures

Adjusted EBITDA

We define Adjusted EBITDA as earnings before interest expense, income taxes, depletion, depreciation and amortization, accretion of asset retirement obligations, property impairments, unrealized derivative gains and losses, certain other non-cash items and non-cash stock-based compensation expense, net gain or loss on asset sales and inventory impairment and prepayment premium on extinguishment of debt. Adjusted EBITDA is not a measure of net income (loss) or cash flows as determined by GAAP. Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of our consolidated financial statements, such as industry analysts, investors, lenders and rating agencies.

Management believes Adjusted EBITDA is necessary because it allows us to evaluate our operating performance and compare the results of operations from period to period without regard to our financing methods or capital structure. We exclude the items listed above from net income (loss) in calculating Adjusted EBITDA, because these amounts can vary substantially from company to company within our industry depending upon accounting methods and book values of assets, capital structures and the method by which certain assets were acquired.

Adjusted EBITDA should not be considered an alternative to, or more meaningful than, net income (loss) or cash flows from operating activities as determined in accordance with GAAP or as a primary indicator of our operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components of understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure. Our Adjusted EBITDA may not be comparable to similarly titled measures of another company because all companies may not calculate Adjusted EBITDA in the same manner.

The following table presents our calculation of Adjusted EBITDA and the reconciliation of Adjusted EBITDA to the GAAP financial measures of net income (loss) and net cash provided by operating activities, respectively.

The Matador Resources Company 2019 Long-Term Incentive Plan (as the same may be amended, the “**Plan**”) was adopted by the Board of Directors of Matador Resources Company, a Texas corporation (the “**Company**”), on April 22, 2019 (the “**Board Approval Date**”), to be effective as of the date the Plan is approved by the Company’s shareholders (the “**Effective Date**”).

ARTICLE 1 – PURPOSE

The purpose of the Plan is to attract and retain the services of key Employees, key Contractors and Outside Directors and to provide such persons with a proprietary interest in the Company through the granting of Incentive Stock Options, Nonqualified Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Awards, Dividend Equivalent Rights and Other Awards, whether granted singly, or in combination, or in tandem, that will:

- (a) increase the interest of such persons in the Company’s welfare;
- (b) furnish an incentive to such persons to continue their services for the Company or its Subsidiaries; and
- (c) provide a means through which the Company may attract able persons as Employees, Contractors and Outside Directors.

With respect to Reporting Participants, the Plan and all transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 promulgated under the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, such provision or action shall be deemed null and void *ab initio*, to the extent permitted by law and deemed advisable by the Committee.

ARTICLE 2 – DEFINITIONS

For the purpose of the Plan, unless the context requires otherwise, the following terms shall have the meanings indicated:

2.1 “**Applicable Law**” means all legal requirements relating to the administration of equity incentive plans and the issuance and distribution of shares of Common Stock, if any, under applicable corporate laws, applicable securities laws, the rules of any exchange or inter-dealer quotation system upon which the Company’s securities are listed or quoted, and any other applicable law, rule or restriction.

2.2 “**Award**” means the grant of any Incentive Stock Option, Nonqualified Stock Option, Restricted Stock, SAR, Restricted Stock Unit, Performance Award, Dividend Equivalent Right or Other Award, whether granted singly or in combination or in tandem.

2.6 A “**Change in Control**” occurs upon a change in the Company’s ownership, its effective control or the ownership of a substantial portion of its assets, as follows:

- (a) Change in Ownership. A change in ownership of the Company occurs on the date that any “Person” (as defined in Section 2.6(d) below), other than (i) the Company or any Subsidiary, (ii) a trustee or other fiduciary

holding securities under an employee benefit plan of the Company or any of its Affiliates, (iii) an underwriter temporarily holding stock pursuant to an offering of such stock or (iv) a corporation owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of the Company's stock, acquires ownership of the Company's stock that, together with stock held by such Person, constitutes more than 50% of the total fair market value or total voting power of the Company's stock. However, if any Person is considered to own already more than 50% of the total fair market value or total voting power of the Company's stock, the acquisition of additional stock by the same Person is not considered to be a Change in Control. In addition, if any Person has effective control of the Company through ownership of 30% or more of the total voting power of the Company's stock, as discussed in paragraph (b) below, the acquisition of additional control of the Company by the same Person is not considered to cause a Change in Control pursuant to this paragraph (a); or

(i) the date that any Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such Person) ownership of the Company's stock possessing 30% or more of the total voting power of the Company's stock. However, if any Person owns 30% or more of the total voting power of the Company's stock, the acquisition of additional control of the Company by the same Person is not considered to cause a Change in Control pursuant to this subparagraph (b)(i); or

(ii) the date during any 12-month period when a majority of members of the Board is replaced by directors whose appointment or election is not endorsed by a majority of the Board before the date of the appointment or election; provided, however, that any such director shall not be considered to be endorsed by the Board if his or her initial assumption of office occurs as a result of an actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(c) Change in Ownership of a Substantial Portion of Assets. A change in the ownership of a substantial portion of the Company's assets occurs on the date that a Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such Person) assets of the Company, that have a total gross fair market value equal to at least 40% of the total gross fair market value of all of the Company's assets immediately before such acquisition or acquisitions. However, there is no Change in Control when there is such a transfer to (i) a shareholder of the Company (immediately before the asset transfer) in exchange for or with respect to the Company's stock; (ii) an entity, at least 50% of the total value or voting power of the stock of which is owned, directly or indirectly, by the Company; (iii) a Person that owns directly or indirectly, at least 50% of the total value or voting power of the Company's outstanding stock; or (iv) an entity, at least 50% of the total value or voting power of the stock of which is owned by a Person that owns, directly or indirectly, at least 50% of the total value or voting power of the Company's outstanding stock.

(ii) "**Affiliate**" shall have the meaning set forth in Rule 12b-2 promulgated under Section 12 of the Exchange Act.

(e) Interpretation. The provisions of this Section 2.6 shall be interpreted in accordance with the requirements of Section 409A of the Code, it being the intent of the parties that this Section 2.6 shall be in compliance with the requirements of said Code Section.

2.7 "**Claim**" means any claim, liability or obligation of any nature, arising out of or relating to this Plan or an alleged breach of this Plan, or an Award Agreement.

2.8 "**Code**" means the United States Internal Revenue Code of 1986, as amended, together with the published rulings, regulations and interpretations duly promulgated thereunder.

Except as may be necessary or desirable to comply with applicable federal or state law, a “Termination of Service” shall not be deemed to have occurred when a Participant who is an Employee becomes an Outside Director or Contractor or when an Outside Director becomes a Contractor or, in each case, vice versa. If, however, a Participant who is an Employee and who has an Incentive Stock Option ceases to be an Employee but does not suffer a Termination of Service, and if that Participant does not exercise the Incentive Stock Option within the time required under Section 422 of the Code upon ceasing to be an Employee, the Incentive Stock Option shall thereafter become a Nonqualified Stock Option. Notwithstanding the foregoing provisions of this Section 2.44, in the event an Award issued under the Plan is subject to Section 409A of the Code, then, in lieu of the foregoing definition and to the extent necessary to comply with the requirements of Section 409A of the Code, the definition of “Termination of Service” for purposes of such Award shall be the definition of “separation from service” provided for under Section 409A of the Code.

Notwithstanding the foregoing provisions of this Section 2.45, in the event an Award issued under the Plan is subject to Section 409A of the Code, then, in lieu of the foregoing definition and to the extent necessary to comply with the requirements of Section 409A of the Code, the definition of “Total and Permanent Disability” for purposes of such Award shall be the definition of “disability” provided for under Section 409A of the Code.

ARTICLE 3 – ADMINISTRATION

3.1 General Administration; Establishment of Committee. Subject to the terms of this Article 3, the Plan shall be administered by the Board or such committee of the Board as is designated by the Board to administer the Plan (the “**Committee**”). The Committee shall consist of not fewer than two persons. Any member of the Committee may be removed at any time, with or without cause, by resolution of the Board. Any vacancy occurring in the membership of the Committee may be filled by appointment by the Board. At any time there is no Committee to administer the Plan, any references in this Plan to the Committee shall be deemed to refer to the Board.

Membership on the Committee shall be limited to those members of the Board who are “non-employee directors” as defined in Rule 16b-3 promulgated under the Exchange Act. A majority of the Committee shall constitute a quorum, and the act of a majority of the members of the Committee present at a meeting at which a quorum is present shall be the act of the Committee.

3.2 Designation of Participants and Awards.

(a) The Committee or the Board shall determine and designate from time to time the eligible persons to whom Awards will be granted and shall set forth in each related Award Agreement, where applicable, the term of such Award, the Date of Grant and such other terms, provisions, limitations and performance requirements, as are approved by the Committee, but not inconsistent with the Plan. Although the members of the Committee shall be eligible to receive Awards, all decisions with respect to any Award, and the terms and conditions thereof, to be granted under the Plan to any member of the Committee shall be made solely and exclusively by the other members of the Committee, or if such member is the only member of the Committee, by the Board.

(b) Notwithstanding Section 3.2(a), to the extent permitted by Applicable Law, the Board or the Committee may, in its discretion and by a resolution adopted by the Board or Committee, authorize one or more officers of the Company to (i) designate one or more Employees as eligible persons to whom Awards will be granted under the Plan and (ii) determine the number of shares of Common Stock that will be subject to such Awards and the terms and conditions of such Awards; provided, however, that the resolution of the Board granting such authority shall (x) specify the total number of shares of Common Stock that may be made subject to the Awards, (y) set forth the price or prices (or a formula by which such price or prices may be determined) to be paid for the purchase of the Common Stock subject to such Awards and (z) not authorize an officer to designate himself or any Executive Officer as a recipient of any Award.

3.3 Authority of the Committee. The Committee, in its discretion, shall (a) interpret the Plan, (b) prescribe, amend and rescind any rules and regulations necessary or appropriate for the administration of the Plan, (c) establish performance goals for an Award and certify the extent of their achievement and (d) make such other determinations or certifications and take such other action as it deems necessary or advisable in the administration of the Plan. Any interpretation, determination, or other action made or taken by the Committee shall be final, binding and conclusive on all interested parties. The Committee's discretion set forth herein shall not be limited by any provision of the Plan, including any provision which by its terms is applicable notwithstanding any other provision of the Plan to the contrary.

The Committee may delegate to any subcommittee or, subject to the limitations set forth in Section 3.2(b) above, to officers of the Company the authority to perform specified functions under the Plan. Any actions taken by any officers of the Company pursuant to such delegation of authority shall be deemed to have been taken by the Committee.

With respect to restrictions in the Plan that are based on the requirements of Rule 16b-3 promulgated under the Exchange Act, Section 422 of the Code, the rules of any exchange or interdealer quotation system upon which the Company's securities are listed or quoted or any other Applicable Law, to the extent that any such restrictions are no longer required by Applicable Law, the Committee shall have the sole discretion and authority to grant Awards that are not subject to such mandated restrictions and/or to waive any such mandated restrictions with respect to outstanding Awards.

ARTICLE 4 – ELIGIBILITY

Any Employee (including an Employee who is also a director or an officer), Contractor or Outside Director is eligible to be selected to participate in the Plan; provided that only Employees shall be eligible to receive Incentive Stock Options. The Committee, upon its own action, may grant, but shall not be required to grant, an Award to any Employee, Contractor or Outside Director. Awards may be granted by the Committee at any time and from time to time to new Participants, or to then Participants, or to a greater or lesser number of Participants, and may include or exclude previous Participants, as the Committee shall determine. Except as required by this Plan, Awards need not contain similar provisions. The Committee's determinations under the Plan (including without limitation determinations of which Employees, Contractors or Outside Directors, if any, are to receive Awards, the form, amount and timing of such Awards and the terms and provisions of such Awards and Award Agreements) need not be uniform and may be made by it selectively among Participants who receive, or are eligible to receive, Awards under the Plan.

ARTICLE 5 – SHARES SUBJECT TO PLAN; AWARD LIMITATIONS

5.1 Number Available for Awards. Subject to adjustment as provided in Articles 11 and 12, the maximum number of shares of Common Stock that may be delivered pursuant to Awards granted under the Plan is 3,225,000 shares, of which 100% may be delivered pursuant to Incentive Stock Options, plus the number of shares of Common Stock remaining available for issuance under the Prior Plan on the Effective Date, plus the number of shares of Common Stock subject to any award outstanding under the Prior Plan as of the Effective Date that after the Effective Date is not issued because such award is forfeited, terminates, expires or otherwise lapses without being exercised (to the extent applicable), or is settled in cash. Subject to adjustment pursuant to Articles 11 and 12, the maximum number of shares of Common Stock with respect to which Stock Options or SARs may be granted to an Executive Officer during any calendar year is 500,000 shares of Common Stock. Shares to be issued may be made available from authorized but unissued Common Stock, Common Stock held by the Company in its treasury or Common Stock purchased by the Company on the open market or otherwise. During the term of this Plan, the Company will at all times reserve and keep available the number of shares of Common Stock that shall be sufficient to satisfy the requirements of this Plan.

5.2 Restoration and Retention of Shares. If any shares of Common Stock subject to an Award shall not be issued or transferred to a Participant and shall cease to be issuable or transferable to a Participant because of the forfeiture, termination, expiration or cancellation, in whole or in part, of such Award or for any other reason, the shares not so issued or transferred, or the shares so reacquired by the Company, as the case may be, shall no longer be charged against the limitation provided for in Section 5.1 and may be used thereafter for additional Awards under the Plan. The following additional parameters shall apply:

(a) If an Award may be settled in shares of Common Stock or cash (in whole or in part), shares shall be deemed issued only when and to the extent that settlement or payment is actually made in shares of Common Stock. To the extent an Award is settled or paid in cash, and not shares of Common Stock, any shares previously reserved for issuance or transfer pursuant to such Award will again be deemed available for issuance or transfer under the Plan, and the maximum number of shares of Common Stock that may be issued or transferred under the Plan shall be reduced only by the number of shares actually issued and transferred to the Participant.

(b) Notwithstanding the foregoing, (i) shares withheld or tendered to pay withholding taxes or the exercise price of an Award shall not again be available for the grant of Awards under the Plan and (ii) the full number of shares subject to a Stock Option or SAR granted that are settled by the issuance of shares shall be counted against the shares authorized for issuance under this Plan, regardless of the number of shares actually issued upon the settlement of such Stock Option or SAR.

(c) Any shares repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for the future grant of Awards.

5.3 Outside Director Awards. The aggregate dollar value of equity-based (based on the grant date Fair Market Value of equity-based Awards) and cash compensation granted under this Plan or otherwise during any calendar year to any Outside Director shall not exceed \$600,000; provided, however, that in the calendar year in which an Outside Director first joins the Board or serves as Chairman of the Board or Lead Director, the maximum aggregate dollar value of equity-based and cash compensation granted to the Outside Director may be up to two hundred percent (200%) of the foregoing limit.

5.4 Substitute Awards. Awards granted or Common Stock issued by the Company in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards, by a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines (“**Substitute Awards**”) shall not be charged against the limitation provided for in Section 5.1. The terms and conditions of the Substitute Awards may vary from the terms and conditions set forth in this Plan to such extent as the Committee may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted. Additionally, in the event that a company acquired by the Company or any Subsidiary, or with which the Company or any Subsidiary combines, has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares

available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares of Common Stock authorized for issuance under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were employees of such acquired or combined company before such acquisition or combination.

ARTICLE 6 – GRANT OF AWARDS

6.1 In General. The grant of an Award shall be authorized by the Committee and shall be evidenced by an Award Agreement setting forth the Award(s) being granted, the total number of shares of Common Stock subject to the Award(s), the Option Price (if applicable), the term of the Award, the Date of Grant and such other terms, provisions, limitations and performance objectives, as are approved by the Committee, but (i) not inconsistent with the Plan, and (ii) to the extent an Award issued under the Plan is subject to Section 409A of the Code, in compliance with the applicable requirements of Section 409A of the Code. The Company shall execute an Award Agreement with a Participant after the Committee approves the issuance of an Award and the terms of Awards and Award Agreements need not be the same with respect to different Participants. The grant of an Award to a Participant shall not be deemed either to entitle the Participant to, or to disqualify the Participant from, receipt of any other Award under the Plan.

6.2 Option Terms. The Option Price for any share of Common Stock which may be purchased under a Nonqualified Stock Option for any share of Common Stock must be equal to or greater than the Fair Market Value of the share on the Date of Grant. The Option Price for any share of Common Stock which may be purchased under an Incentive Stock Option must be at least equal to the Fair Market Value of the share on the Date of Grant; if an Incentive Stock Option is granted to an Employee who owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company (or any parent or Subsidiary), the Option Price shall be at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock on the Date of Grant. No Stock Option granted under this Plan may be exercised at any time after the expiration of ten (10) years from its Date of Grant or such shorter period as may be specified in the Award Agreement. However, if an Employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company (or any parent or Subsidiary) and an Incentive Stock Option is granted to such Employee, the term of such Incentive Stock Option (to the extent required by the Code at the time of grant) shall be no more than five (5) years from the Date of Grant.

6.3 Maximum ISO Grants. The Committee may not grant Incentive Stock Options under the Plan to any Employee which would permit the aggregate Fair Market Value (determined on the Date of Grant) of the Common Stock with respect to which Incentive Stock Options (under this and any other plan of the Company and its Subsidiaries) are exercisable for the first time by such Employee during any calendar year to exceed \$100,000. To the extent any Stock Option granted under this Plan which is designated as an Incentive Stock Option exceeds this limit or otherwise fails to qualify as an Incentive Stock Option, such Stock Option (or any such portion thereof) shall be a Nonqualified Stock Option.

6.4 Restricted Stock. Restricted Stock may be granted to or sold to any Participant under such terms and conditions as shall be established by the Committee (including service-based, performance-based conditions or otherwise), provided, however, that such terms and conditions are consistent with the Plan. Restricted Stock shall be subject to such restrictions as the Committee determines, including, without limitation, (a) a prohibition against sale, assignment, transfer, pledge, hypothecation or other encumbrance for a specified period; or (b) a requirement that the holder forfeit such Award in the event of Termination of Service during the period of restriction.

Except as provided in the applicable Award Agreement, the Participant shall have, with respect to the Participant's Restricted Stock, all of the rights of a shareholder of the Company, including the right to vote the shares, and the right to receive any dividends thereon; provided, however, that the Participant shall not have the right to receive dividends on any Restricted Stock that has not yet vested. Except as provided in the applicable Award Agreement, any dividends declared with respect to any portion of such Restricted Stock prior to the vesting of such portion shall be (i) accrued or (ii) reinvested in additional shares of Common Stock (which may thereafter accrue additional dividends). Any such reinvestment shall be at the Fair Market Value at the time thereof and subject to the same terms as the underlying Award. Accrued dividends shall be paid as soon as practicable following vesting of the Restricted Stock and may be settled in cash or shares of Common Stock, or a combination thereof, in a single payment or in installments.

6.5 SARs. The Committee may grant SARs to any Participant, either as a separate Award or in connection with a Stock Option. SARs shall be subject to such terms and conditions as the Committee shall impose (including service-based, performance-based conditions or otherwise), provided that such terms and conditions are consistent with the Plan. The grant of the SAR may provide that the holder may be paid for the value of the SAR either in cash or in shares of Common Stock, or a combination thereof. In the event of the exercise of a SAR payable in shares of Common Stock, the holder of the SAR shall receive that number of whole shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the value obtained by multiplying (a) the difference between the Fair Market Value of a share of Common Stock on the date of exercise over the SAR Price as set forth in such SAR (or other value specified in the agreement granting the SAR), by (b) the number of shares of Common Stock as to which the SAR is exercised, with a cash settlement to be made for any fractional shares of Common Stock. The SAR Price for any share of Common Stock subject to a SAR may be equal to or greater than the Fair Market Value of the share on the Date of Grant. The Committee, in its sole discretion, may place a ceiling on the amount payable upon exercise of a SAR, but any such limitation shall be specified at the time that the SAR is granted.

6.6 Restricted Stock Units. Restricted Stock Units may be awarded or sold to any Participant under such terms and conditions as shall be established by the Committee (including service-based, performance-based conditions or otherwise), provided, however, that such terms and conditions are consistent with the Plan. The grant of a Restricted Stock Unit may provide that the holder may be paid for the value of the Restricted Stock Unit either in cash or in shares of Common Stock, or a combination thereof. Restricted Stock Units shall be subject to such restrictions as the Committee determines, including, without limitation, (a) a prohibition against sale, assignment, transfer, pledge, hypothecation or other encumbrance for a specified period; or (b) a requirement that the holder forfeit (or in the case of shares of Common Stock or units sold to the Participant, resell to the Company at cost) such shares or units in the event of Termination of Service during the period of restriction.

6.7 Dividend Equivalent Rights. The Committee may grant a Dividend Equivalent Right to any Participant, either as a component of another Award or as a separate Award. The terms and conditions of the Dividend Equivalent Right shall be specified by the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Common Stock (which may thereafter accrue additional dividend equivalents). Any such reinvestment shall be at the Fair Market Value at the time thereof. Dividend Equivalent Rights may be settled in cash or shares of Common Stock, or a combination thereof, in a single payment or in installments. A Dividend Equivalent Right granted as a component of an Award shall provide that such Dividend Equivalent Right shall be settled only upon settlement or payment of, or lapse of restrictions on, such other Award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other Award.

6.8 Other Awards. The Committee may grant to any Participant other forms of Awards, based upon, payable in, or otherwise related to, in whole or in part, shares of Common Stock, if the Committee determines that such other form of Award is consistent with the purpose and restrictions of this Plan. The terms and conditions of such other form of Award shall be specified by the grant. Such Other Awards may be granted for no cash consideration, for such minimum consideration as may be required by Applicable Law, or for such other consideration as may be specified by the grant.

6.9 Performance Awards.

(a) The Committee may grant any of the Awards described in Sections 6.2 through 6.8 as Performance Awards. The terms and conditions of Performance Awards shall be specified at the time of the grant and may include provisions establishing the performance period, the Performance Goals to be achieved during a performance period and the maximum or minimum settlement values, provided that such terms and conditions are consistent with the Plan. If the Performance Award is to be in shares of Common Stock, the Performance Awards may provide for the issuance of the shares of Common Stock at the time of the grant of the Performance Award or at the time of the certification by the Committee that the Performance Goals for the performance period have been met; provided, however, if shares of Common Stock are issued at the time of the grant of the Performance Award and if, at the end of the performance period, the Performance Goals are not certified by the Committee to have been fully satisfied, then, notwithstanding any other provisions of this Plan to the contrary, the Common Stock shall be forfeited in accordance with the terms of the grant to the extent the Committee determines that the Performance Goals were not met. The forfeiture of shares of Common Stock issued at the time of the grant of the Performance Award due to failure to achieve the established Performance Goals shall be separate from and in addition to any other restrictions provided for in this Plan that may be applicable to such shares of Common Stock. Each Performance Award granted to one or more Participants shall have its own terms and conditions.

If the Committee determines, in its sole discretion, that with respect to a Performance Award, the established performance measures or objectives are no longer suitable because of a change in the Company's business, operations, corporate structure or for other reasons that the Committee deemed satisfactory, the Committee may modify the performance measures or objectives and/or the performance period.

(b) Performance Awards may be paid in cash, shares of Common Stock, or other consideration, or any combination thereof. If payable in shares of Common Stock, the consideration for the issuance of such shares may be the achievement of the performance objective established at the time of the grant of the Performance Award. Performance Awards may be payable in a single payment or in installments and may be payable at a specified date or dates or upon attaining the performance objective. The extent to which any applicable performance objective has been achieved shall be conclusively determined by the Committee.

(c) Notwithstanding the foregoing, no Participant may receive in any calendar year Performance Awards which have an aggregate value of more than \$10,000,000, and if such Performance Awards involve the issuance of shares of Common Stock, said aggregate value shall be based on the Fair Market Value of such shares on the time of the grant of the Performance Award.

(d) Performance Awards may be made subject to the attainment of Performance Goals relating to one or more factors determined in the sole discretion of the Committee, which may consist of one or more or any combination of the following criteria in either absolute or relative terms (as compared to an external benchmark or performance of a designated peer group of companies), for either any individual Participant, the Company or any of its Subsidiary organizations or divisions (the "**Performance Criteria**"):

- (i) Earnings (either in the aggregate or on a per-share basis) or adjusted earnings;
- (ii) Net income or adjusted net income;
- (iii) Operating income;
- (iv) Operating profit;
- (v) Cash flow;
- (vi) Return measures (including cash return on cash invested (CROCI), return on average capital employed (ROACE) or other return on assets, investments, equity or invested capital);
- (vii) Total shareholder return (change in share price plus reinvestment of dividends into shares when declared, if any, from period to period) and other measures of shareholder return (including income applicable to common shareholders or other class of shareholders);

- (viii) Earnings before or after either, or any combination of, interest, taxes, depletion, depreciation, amortization or other non-cash items;
- (ix) Adjusted EBITDA;
- (x) Acreage;
- (xi) Reserves;
- (xii) Present value of estimated future oil and gas revenues, net of estimated direct expenses, discounted at an annual discount rate of 10% (or PV 10);
- (xiii) Gross revenues;
- (xiv) Reduction in expense levels in each case, where applicable, determined either on a Company-wide basis or in respect of any one or more Subsidiaries or business units thereof;
- (xv) Economic value or economic value added;
- (xvi) Market share or market share added;
- (xvii) Annual net income to common stock;
- (xviii) Earnings per share or growth in earnings per share;
- (xix) Annual cash flow provided by operations;
- (xx) Changes in annual revenues;
- (xxi) Strategic and operational business criteria, consisting of one or more objectives based on specified revenue, market penetration, geographic business expansion goals, execution of new midstream third-party agreements, identified project milestones, completion of significant projects, production, gathering, processing or disposal volume levels (on an absolute or debt-adjusted basis), cost targets, lease operating expenses, G&A expenses, leverage ratio, finding and development costs, reserves or reserves added, reserve replacement ratio and goals relating to acquisitions or divestitures;
- (xxii) Goals relating to specific environmental compliance measures and safety and accident rates;
- (xxiii) Individual management objectives;
- (xxiv) Certain strategic goals, such as consummation of transactions or events, or other qualitative matters, that improve operational efficiencies or results, preserve the Company's balance sheet, create additional value through acquisitions, divestitures, joint ventures or other value creating transactions, expand or increase the per share value of the Company's midstream business, represent an assumption of additional duties beyond those within an executive's responsibilities, assist in staff development, retention and training or serve to maintain the Company's culture and working conditions; and/or
- (xxv) Any other Performance Goal that the Committee deems appropriate.

The Committee may designate, in its sole discretion, whether a particular Performance Criteria is to be measured on a pre-tax basis or post-tax basis. In addition, certain Performance Criteria may be stated in reference to a production volume of measurement such as in per cubic feet equivalents or barrels of oil equivalents (e.g., per Mcfe, MMcf, Bcf, BOE, MBOE or MMBOE), including such production volume on a daily basis. Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company and may be measured relative to a peer group or index. Any Performance Criteria may include or exclude (i) extraordinary, unusual and/or non-recurring items of gain or loss, (ii) gains or losses on the disposition of a business, (iii) changes in tax or accounting regulations or laws, (iv) the effect of a merger or acquisition, as identified in the Company's quarterly and annual earnings releases or (v) other similar occurrences.

6.10 Tandem Awards. The Committee may grant two or more Award types in the form of a "tandem Award," so that the right of the Participant to exercise one shall be canceled if, and to the extent, the other is exercised. For example, if a Stock Option and a SAR are issued in a tandem Award, and the Participant exercises the SAR with respect to one hundred (100) shares of Common Stock, the right of the Participant to exercise the related Stock Option shall be canceled to the extent of one hundred (100) shares of Common Stock.

6.11 No Repricing of Stock Options or SARs. Unless approved by the Company's shareholders, the Committee may not "reprice" any Stock Option or SAR. For purposes of this Section 6.12, "reprice" means any of the following or any other action that has the same effect: (a) amending a Stock Option or SAR to reduce its exercise price or base price, (b) canceling a Stock Option or SAR at a time when its exercise price or base price exceeds the Fair Market Value of a share of Common Stock in exchange for cash or a Stock Option, SAR, award of Restricted Stock or other equity award or (c) taking any other action that is treated as a repricing under generally accepted accounting principles, provided that nothing in this Section 6.12 shall prevent the Committee from substituting Awards in accordance with Section 5.4, making adjustments pursuant to Article 11 or from exchanging or cancelling Awards pursuant to Article 12.

6.12 Recoupment. Notwithstanding any other language in this Plan to the contrary, the Company may recoup all or any portion of any shares or cash paid to a Participant in connection with an Award, to the extent provided for under the Company's clawback policy, if any, approved by the Company's Board from time to time.

ARTICLE 7 – VESTING

The Committee, in its sole discretion, shall establish the vesting terms applicable to an Award, including whether all or any portion will not be vested until a date or dates subsequent to its Date of Grant, or until the occurrence of one or more specified events, provided that any such vesting terms shall not be inconsistent with the terms of the Plan, including, without limitation, this Article 7. If the Committee imposes conditions upon vesting, then subsequent to the Date of Grant, the Committee may, in its sole discretion, accelerate the date on which all or a portion of the Award may be vested, provided that any such acceleration must comply with the terms of the Plan, including, without, limitation, this Article 7. Except as otherwise provided herein, the Committee must grant all Awards in accordance with the following provisions: (a) all Awards granted to Participants other than Outside Directors must vest no earlier than one (1) year after the Date of Grant; (b) all Awards granted to Outside Directors must vest no earlier than the earlier of one (1) year after the Date of Grant or the next annual meeting of shareholders (provided that such annual meetings are at least fifty (50) weeks apart); and (c) the Committee may not accelerate the date on which all or any portion of an Award may be vested or waive the period of restriction on an Award except (i) upon the Participant's death or Total and Permanent Disability; (ii) upon a Change in Control or (iii) upon a Termination of Service on or following a Change in Control. Notwithstanding the foregoing, the Committee may, in its sole discretion, grant Awards with more favorable vesting provisions than set forth in this Article 7, provided that the shares of Common Stock subject to such Awards shall be Exempt Shares.

ARTICLE 8 – EXERCISE OR CONVERSION OF AWARD

8.1 In General. A vested Award may be exercised or converted, during its term, subject to limitations and restrictions set forth in the Award Agreement.

8.2 Securities Law and Exchange Restrictions. In no event may an Award be exercised or shares of Common Stock be issued pursuant to an Award if the Company determines in its sole discretion that a necessary listing or quotation of the shares of Common Stock on a stock exchange or inter-dealer quotation system, any registration under state or federal securities laws required under the circumstances, or the necessary consent or approval of any governmental regulatory body has not been obtained or accomplished.

8.3 Exercise of Stock Option.

(a) **In General**. If a Stock Option is exercisable prior to the time it is vested, the Common Stock obtained on the exercise of the Stock Option shall be Restricted Stock which is subject to the applicable provisions of the Plan and the Award Agreement. If the Committee imposes conditions upon exercise, then subsequent to the Date of Grant, the Committee may, in its sole discretion, accelerate the date on which all or any portion of the Stock Option may be exercised subject to the vesting requirements set forth in Article 7. No Stock Option may be exercised for a fractional share of Common Stock. The granting of a Stock Option shall impose no obligation upon the Participant to exercise that Stock Option.

(b) **Notice and Payment**. Subject to such administrative conditions as the Company may from time to time adopt, a Stock Option may be exercised by the delivery of written notice in the form specified by the Company

setting forth the number of shares of Common Stock with respect to which the Stock Option is to be exercised and the date of exercise thereof (the “**Exercise Date**”). On the Exercise Date, the Participant shall deliver to the Company consideration with a value equal to the total Option Price of the shares to be purchased, payable as provided in the Award Agreement, which may provide for payment in any one or more of the following ways: (i) cash or check, bank draft or money order payable to the order of the Company, (ii) Common Stock (including Restricted Stock) owned by the Participant on the Exercise Date, valued at its Fair Market Value on the Exercise Date, and which the Participant has not acquired from the Company within six (6) months prior to the Exercise Date, (iii) by delivery (including electronic delivery) to the Company or its designated agent of an executed irrevocable option exercise form together with irrevocable instructions from the Participant to a broker or dealer, reasonably acceptable to the Company, to sell certain of the shares of Common Stock purchased upon exercise of the Stock Option or to pledge such shares as collateral for a loan and promptly deliver to the Company the amount of sale or loan proceeds necessary to pay such purchase price, (iv) by the Company withholding a number of shares of Common Stock, valued at its Fair Market Value on the Exercise Date, otherwise issuable upon exercise of the Stock Option and/or (v) in any other form of valid consideration that is acceptable to the Committee in its sole discretion. In the event that shares of Restricted Stock are tendered as consideration for the exercise of a Stock Option, a number of shares of Common Stock issued upon the exercise of the Stock Option equal to the number of shares of Restricted Stock used as consideration therefor shall be subject to the same restrictions and provisions as the Restricted Stock so tendered.

Except as otherwise provided in the applicable Award Agreement, upon payment of all amounts due from the Participant, the Company shall cause the Common Stock then being purchased to be registered in the Participant’s name (or the person exercising the Participant’s Stock Option in the event of his or her death).

(c) **Failure to Pay.** Except as may otherwise be provided in an Award Agreement, if the Participant fails to pay for any of the Common Stock specified in such notice or fails to accept delivery thereof, that portion of the Participant’s Stock Option and right to purchase such Common Stock may be forfeited by the Participant.

8.4 **SARs.** Subject to the conditions of this Section 8.4 and such conditions as the Company may from time to time adopt, a SAR may be exercised by the delivery (including by electronic delivery) of written notice to the Company, in the form specified by the Company, setting forth the number of shares of Common Stock with respect to which the SAR is to be exercised and the date of exercise thereof (the “**Exercise Date**”) which shall be at least three (3) days after giving such notice unless an earlier time shall have been mutually agreed upon. Subject to the terms of the Award Agreement and only if permissible under Section 409A of the Code (or, if not so permissible, at such time as permitted by Section 409A of the Code), the Participant shall receive from the Company in exchange therefor in the discretion of the Committee, and subject to the terms of the Award Agreement:

(a) cash in an amount equal to the excess (if any) of the Fair Market Value (as of the Exercise Date, or if provided in the Award Agreement, conversion, of the SAR) per share of Common Stock over the SAR Price per share specified in such SAR, multiplied by the total number of shares of Common Stock of the SAR being surrendered;

(b) that number of shares of Common Stock having an aggregate Fair Market Value (as of the Exercise Date, or if provided in the Award Agreement, conversion, of the SAR) equal to the amount of cash otherwise payable to the Participant, with a cash settlement to be made for any fractional share interests; or

(c) the Company may settle such obligation in part with shares of Common Stock and in part with cash.

The distribution of any cash or Common Stock pursuant to the foregoing sentence shall be made at such time as set forth in the Award Agreement.

8.5 **Disqualifying Disposition of Incentive Stock Option.** If shares of Common Stock acquired upon exercise of an Incentive Stock Option are disposed of by a Participant prior to the expiration of either two (2) years from the Date of Grant of such Stock Option or one (1) year from the transfer of shares of Common Stock to the Participant pursuant to the exercise of such Stock Option, or in any other disqualifying disposition within the meaning of

Section 422 of the Code, such Participant shall notify the Company in writing of the date and terms of such disposition. A disqualifying disposition by a Participant shall not affect the status of any other Stock Option granted under the Plan as an Incentive Stock Option within the meaning of Section 422 of the Code.

ARTICLE 9 – AMENDMENT OR DISCONTINUANCE

Subject to the limitations set forth in this Article 9, the Committee may at any time and from time to time, without the consent of the Participants, alter, amend, revise, suspend, or discontinue the Plan in whole or in part; provided, however, that no amendment for which shareholder approval is required either (a) by any securities exchange or inter-dealer quotation system on which the Common Stock is listed or traded or (b) in order for the Plan and Awards to continue to comply with Sections 421 and 422 of the Code, including any successors to such Sections, or other Applicable Law, shall be effective unless such amendment shall be approved by the requisite vote of the shareholders of the Company entitled to vote thereon. Any such amendment shall, to the extent deemed necessary or advisable by the Committee, be applicable to any outstanding Awards theretofore granted under the Plan, notwithstanding any contrary provisions contained in any Award Agreement. In the event of any such amendment to the Plan, the holder of any Award outstanding under the Plan shall, upon request of the Committee and as a condition to the exercisability thereof, execute a conforming amendment in the form prescribed by the Committee to any Award Agreement relating thereto. Notwithstanding anything contained in this Plan to the contrary, unless required by law, no action contemplated or permitted by this Article 9 shall materially adversely affect any rights of Participants or obligations of the Company to Participants with respect to any Award theretofore granted under the Plan without the consent of the affected Participant.

ARTICLE 10 – TERM

The Plan shall be effective from the Effective Date. Unless sooner terminated by action of the Board, the Plan will terminate on the tenth anniversary of the Board Approval Date, but Awards granted before that date will continue to be effective in accordance with their terms and conditions.

ARTICLE 11 – CAPITAL ADJUSTMENTS

In the event that any dividend or other distribution (whether in the form of cash, Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, rights offering, reorganization, merger, consolidation, split-up, spin-off, split-off, combination, subdivision, repurchase, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event affects the fair value of an Award, then the Committee shall adjust any or all of the following so that the fair value of the Award immediately after the transaction or event is equal to the fair value of the Award immediately prior to the transaction or event: (a) the number of shares and type of Common Stock (or the securities or property) which thereafter may be made the subject of Awards, (b) the number of shares and type of Common Stock (or other securities or property) subject to outstanding Awards, (c) the Option Price of each outstanding Award, and (d) the number of or SAR Price of shares of Common Stock then subject to outstanding SARs previously granted and unexercised under the Plan, to the end that the same proportion of the Company's issued and outstanding shares of Common Stock in each instance shall remain subject to exercise at the same aggregate SAR Price; provided however, that the number of shares of Common Stock (or other securities or property) subject to any Award shall always be a whole number. Notwithstanding the foregoing, no such adjustment shall be made or authorized to the extent that such adjustment would cause the Plan or any Stock Option to violate Section 422 of the Code or Section 409A of the Code. Such adjustments shall be made in accordance with the rules of any securities exchange, stock market or stock quotation system to which the Company is subject.

Upon the occurrence of any such adjustment, the Company shall provide notice to each affected Participant of its computation of such adjustment which shall be conclusive and shall be binding upon each such Participant.

ARTICLE 12 – RECAPITALIZATION, MERGER AND CONSOLIDATION

12.1 No Effect on Company's Authority. The existence of this Plan and Awards granted hereunder shall not affect in any way the right or power of the Company or its shareholders to make or authorize any or all

adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure and its business, or any Change in Control, or any merger or consolidation of the Company, or any issuance of bonds, debentures, preferred or preference stocks ranking prior to or otherwise affecting the Common Stock or the rights thereof (or any rights, options or warrants to purchase same), or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business or any other corporate act or proceeding, whether of a similar character or otherwise.

12.2 Conversion of Awards Where Company Survives. Subject to any required action by the shareholders and except as otherwise provided by Section 12.4 hereof or as may be required to comply with Section 409A of the Code, if the Company shall be the surviving or resulting corporation in any merger, consolidation or share exchange, any Award granted hereunder shall pertain to and apply to the securities or rights (including cash, property or assets) to which a holder of the number of shares of Common Stock subject to the Award would have been entitled.

12.3 Exchange or Cancellation of Awards Where Company Does Not Survive. Except as otherwise provided by Section 12.4 hereof or as may be required to comply with Section 409A of the Code, in the event of any merger, consolidation or share exchange pursuant to which the Company is not the surviving or resulting corporation, there shall be substituted for each share of Common Stock subject to the unexercised portions of outstanding Awards, that number of shares of each class of stock or other securities or that amount of cash, property or assets of the surviving, resulting or consolidated company which were distributed or distributable to the shareholders of the Company in respect to each share of Common Stock held by them, such outstanding Awards to be thereafter exercisable for such stock, securities, cash or property in accordance with their terms.

12.4 Cancellation of Awards. Notwithstanding the provisions of Sections 12.2 and 12.3 hereof, and except as may be required to comply with Section 409A of the Code, in the event the acquiror or the surviving or resulting corporation does not agree to assume the Awards, all Awards granted hereunder may be canceled by the Company, in its sole discretion, as of the effective date of any Change in Control, merger, consolidation or share exchange, or any issuance of bonds, debentures, preferred or preference stocks ranking prior to or otherwise affecting the Common Stock or the rights thereof (or any rights, options or warrants to purchase same), or of any dissolution or liquidation of the Company, by either:

(a) giving notice to each holder thereof or the holder's representative of its intention to cancel those Awards for which the issuance of shares of Common Stock involved payment by the Participant for such shares, and permitting the purchase of any or all of the shares of Common Stock subject to such outstanding Awards including, as determined by the Board, unvested Awards, to occur during the thirty (30) day period preceding such effective date of cancellation; or

(b) in the case of Awards that are either (i) settled only in shares of Common Stock or (ii) at the election of the Participant, settled in shares of Common Stock, paying the holder thereof an amount equal to a reasonable estimate of the difference between the net amount per share payable in such transaction or as a result of such transaction, and the price per share of such Award to be paid by the Participant (hereinafter the "**Spread**"), multiplied by the number of shares subject to the Award. In estimating the Spread, appropriate adjustments to give effect to the existence of the Awards shall be made, such as deeming the Awards to have been exercised, with the Company receiving the exercise price payable thereunder, and treating the shares receivable upon exercise of the Awards as being outstanding in determining the net amount per share. In cases where the proposed transaction consists of the acquisition of assets of the Company, the net amount per share shall be calculated on the basis of the net amount receivable with respect to shares of Common Stock upon a distribution and liquidation by the Company after giving effect to expenses and charges, including but not limited to taxes, payable by the Company before such liquidation could be completed.

An Award that by its terms would be fully vested or exercisable upon a Change in Control will be considered vested or exercisable for purposes of Section 12.4(a) hereof.

ARTICLE 13 – LIQUIDATION OR DISSOLUTION

Subject to Section 12.4 hereof, in case the Company shall, at any time while any Award under this Plan shall be in force and remain unexpired, (a) sell all or substantially all of its property, or (b) dissolve, liquidate or wind up its affairs, then each Participant shall be entitled to receive, in lieu of each share of Common Stock of the Company which such Participant would have been entitled to receive under the Award, the same kind and amount of any securities or assets as may be issuable, distributable, or payable upon any such sale, dissolution, liquidation or winding up with respect to each share of Common Stock of the Company. If the Company shall, at any time prior to the expiration of any Award, make any partial distribution of its assets, in the nature of a partial liquidation, whether payable in cash or in kind (but excluding the distribution of a cash dividend payable out of earned surplus and designated as such) and an adjustment is determined by the Committee to be appropriate to prevent the dilution of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, make such adjustment in accordance with the provisions of Article 11 hereof.

ARTICLE 14 – MISCELLANEOUS PROVISIONS

14.1 Investment Intent. The Company may require that there be presented to and filed with it by any Participant under the Plan, such evidence as it may deem necessary to establish that the Awards granted or the shares of Common Stock to be purchased or transferred are being acquired for investment and not with a view to their distribution.

14.2 No Right to Continued Employment. Neither the Plan nor any Award granted under the Plan shall confer upon any Participant any right with respect to continuance of employment by the Company or any Subsidiary.

14.3 Indemnification of Board and Committee. No member of the Board or the Committee, nor any officer or Employee of the Company acting on behalf of the Board or the Committee, shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and all members of the Board and the Committee, each officer of the Company and each Employee of the Company acting on behalf of the Board or the Committee shall, to the extent permitted by law, be fully indemnified and protected by the Company in respect of any such action, determination or interpretation to the fullest extent provided by Applicable Law. Except to the extent required by any unwaivable requirement under Applicable Law, no member of the Board or the Committee (and no Subsidiary) shall have any duties or liabilities, including without limitation any fiduciary duties, to any Participant (or any Person claiming by and through any Participant) as a result of this Plan, any Award or any Claim arising hereunder and, to the fullest extent permitted under Applicable Law, each Participant (as consideration for receiving and accepting an Award) irrevocably waives and releases any right or opportunity such Participant might have to assert (or participate or cooperate in) any Claim against any member of the Board or the Committee and any Subsidiary of the Company arising out of this Plan.

14.4 Effect of the Plan. Neither the adoption of this Plan nor any action of the Board or the Committee shall be deemed to give any person any right to be granted an Award or any other rights except as may be evidenced by an Award Agreement or any amendment thereto, duly authorized by the Committee and executed on behalf of the Company, and then only to the extent and upon the terms and conditions expressly set forth therein.

14.5 Compliance With Other Laws and Regulations. Notwithstanding anything contained herein to the contrary, the Company shall not be required to sell or issue shares of Common Stock under any Award if the issuance thereof would constitute a violation by the Participant or the Company of any provisions of any law or regulation of any governmental authority or any national securities exchange or inter-dealer quotation system or other forum in which shares of Common Stock are quoted or traded (including without limitation Section 16 of the Exchange Act); and, as a condition of any sale or issuance of shares of Common Stock under an Award, the Committee may require such agreements or undertakings, if any, as the Committee may deem necessary or advisable to assure compliance with any such law or regulation. The Plan, the grant and exercise of Awards hereunder, and the obligation of the Company to sell and deliver shares of Common Stock, shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required.

14.6 Tax Requirements. The Company or, if applicable, any Subsidiary (for purposes of this Section 14.6, the term “Company” shall be deemed to include any applicable Subsidiary), shall have the right to deduct from all amounts paid in cash or other form in connection with the Plan, any Federal, state, local or other taxes permitted by law to be withheld in connection with an Award granted under this Plan. The Company may, in its sole discretion, also require the Participant receiving shares of Common Stock issued under the Plan to pay the Company the amount of any taxes that the Company is permitted to withhold in connection with the Participant’s income arising with respect to the Award. Such payments shall be required to be made when requested by the Company and may be required to be made prior to the delivery of any certificate representing shares of Common Stock. Such payment may be made (a) by the delivery of cash to the Company in an amount that equals or exceeds (to avoid the issuance of fractional shares under (c) below) the applicable tax withholding obligations of the Company; (b) if the Company, in its sole discretion, so consents in writing, the actual delivery by the exercising Participant to the Company of shares of Common Stock that the Participant has not acquired from the Company within six (6) months prior to the date of exercise, vesting or conversion of the Award, as applicable, which shares so delivered have an aggregate Fair Market Value that equals or exceeds (to avoid the issuance of fractional shares under (c) below) the applicable tax withholding payment; (c) if the Company, in its sole discretion, so consents in writing, the Company’s withholding of a number of shares to be delivered upon the exercise, vesting or conversion of the Award, which shares so withheld have an aggregate Fair Market Value that equals or exceeds (to avoid the issuance of fractional shares) the applicable tax withholding payment; or (d) any combination of (a), (b) or (c) or any other method consented to by the Company in writing. The Company may, in its sole discretion, withhold any such taxes from any other cash remuneration otherwise paid by the Company to the Participant. The Committee may in the Award Agreement impose any additional tax requirements or provisions that the Committee deems necessary or desirable.

14.7 Assignability. Incentive Stock Options may not be transferred, assigned, pledged, hypothecated or otherwise conveyed or encumbered other than by will or the laws of descent and distribution and may be exercised during the lifetime of the Participant only by the Participant or the Participant’s legally authorized representative, and each Award Agreement in respect of an Incentive Stock Option shall so provide. The designation by a Participant of a beneficiary will not constitute a transfer of the Stock Option. The Committee may waive or modify any limitation contained in the preceding sentences of this Section 14.7 that is not required for compliance with Section 422 of the Code.

Except as otherwise provided herein, Awards may not be transferred, assigned, pledged, hypothecated or otherwise conveyed or encumbered other than by will or the laws of descent and distribution. Notwithstanding the foregoing, unless otherwise provided in an Award Agreement, all or a portion of any Award may be transferred, for no consideration, by a Participant to (a) one or more members of the Participant’s Immediate Family, (b) a trust in which the Participant or members of his or her Immediate Family have more than fifty percent of the beneficial interest, (c) a foundation in which the Participant or members of his or her Immediate Family control the management of assets or (d) any other entity in which the Participant or members of his or her Immediate Family own more than fifty percent of the voting interests. As used herein, “**Immediate Family**” means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law, and shall include adoptive relationships.

Following any transfer, any such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that for purposes of Articles 8, 9, 11, 13 and 14 hereof the term “Participant” shall be deemed to include the transferee. The events of Termination of Service shall continue to be applied with respect to the original Participant, following which, the Award shall be exercisable or convertible by the transferee only to the extent and for the periods specified in the Award Agreement. The Committee and the Company shall have no obligation to inform any transferee of an Award of any expiration, termination, lapse or acceleration of such Award. The Company shall have no obligation to register with any federal or state securities commission or agency any Common Stock issuable or issued under an Award that has been transferred by a Participant under this Section 14.7.

14.8 Use of Proceeds. Proceeds from the sale of shares of Common Stock pursuant to Awards granted under this Plan shall constitute general funds of the Company.

14.9 Governing Law. The Plan shall be governed by, construed and enforced in accordance with the laws of the State of Texas (excluding any conflict of laws, rule or principle of Texas law that might refer the governance, construction, or interpretation of this Plan to the laws of another state). A Participant's sole remedy for any Claim shall be against the Company, and no Participant shall have any claim or right of any nature against any Subsidiary of the Company or any shareholder or existing or former director, officer or Employee of the Company or any Subsidiary of the Company. Each Award Agreement shall require the Participant to release and covenant not to sue any Person other than the Company over any Claims. The individuals and entities described above in this Section 14.9 (other than the Company) shall be third-party beneficiaries of this Plan for purposes of enforcing the terms of this Section 14.9.

14.10 Electronic Delivery. Awards granted under the Plan and/or communications regarding the Plan and any Award under the Plan may be sent, accepted, executed, or exercised, as applicable, via electronic means through an online or electronic system established and maintained by the Company or a third party designated by the Company.

14.11 Dividends and Dividend Equivalent Rights. For the avoidance of doubt, and notwithstanding anything to the contrary contained herein, dividends and Dividend Equivalent Rights may accrue, but shall not be paid out or settled unless and until, and then only to the extent that, the applicable underlying Award vests.

A copy of this Plan shall be kept on file in the principal office of the Company in Dallas, Texas

IN WITNESS WHEREOF, the Company has caused this instrument to be executed as of _____, 2019, by its Chief Executive Officer and Secretary pursuant to prior action taken by the Board.
